

Keep Track of your Beach Toys

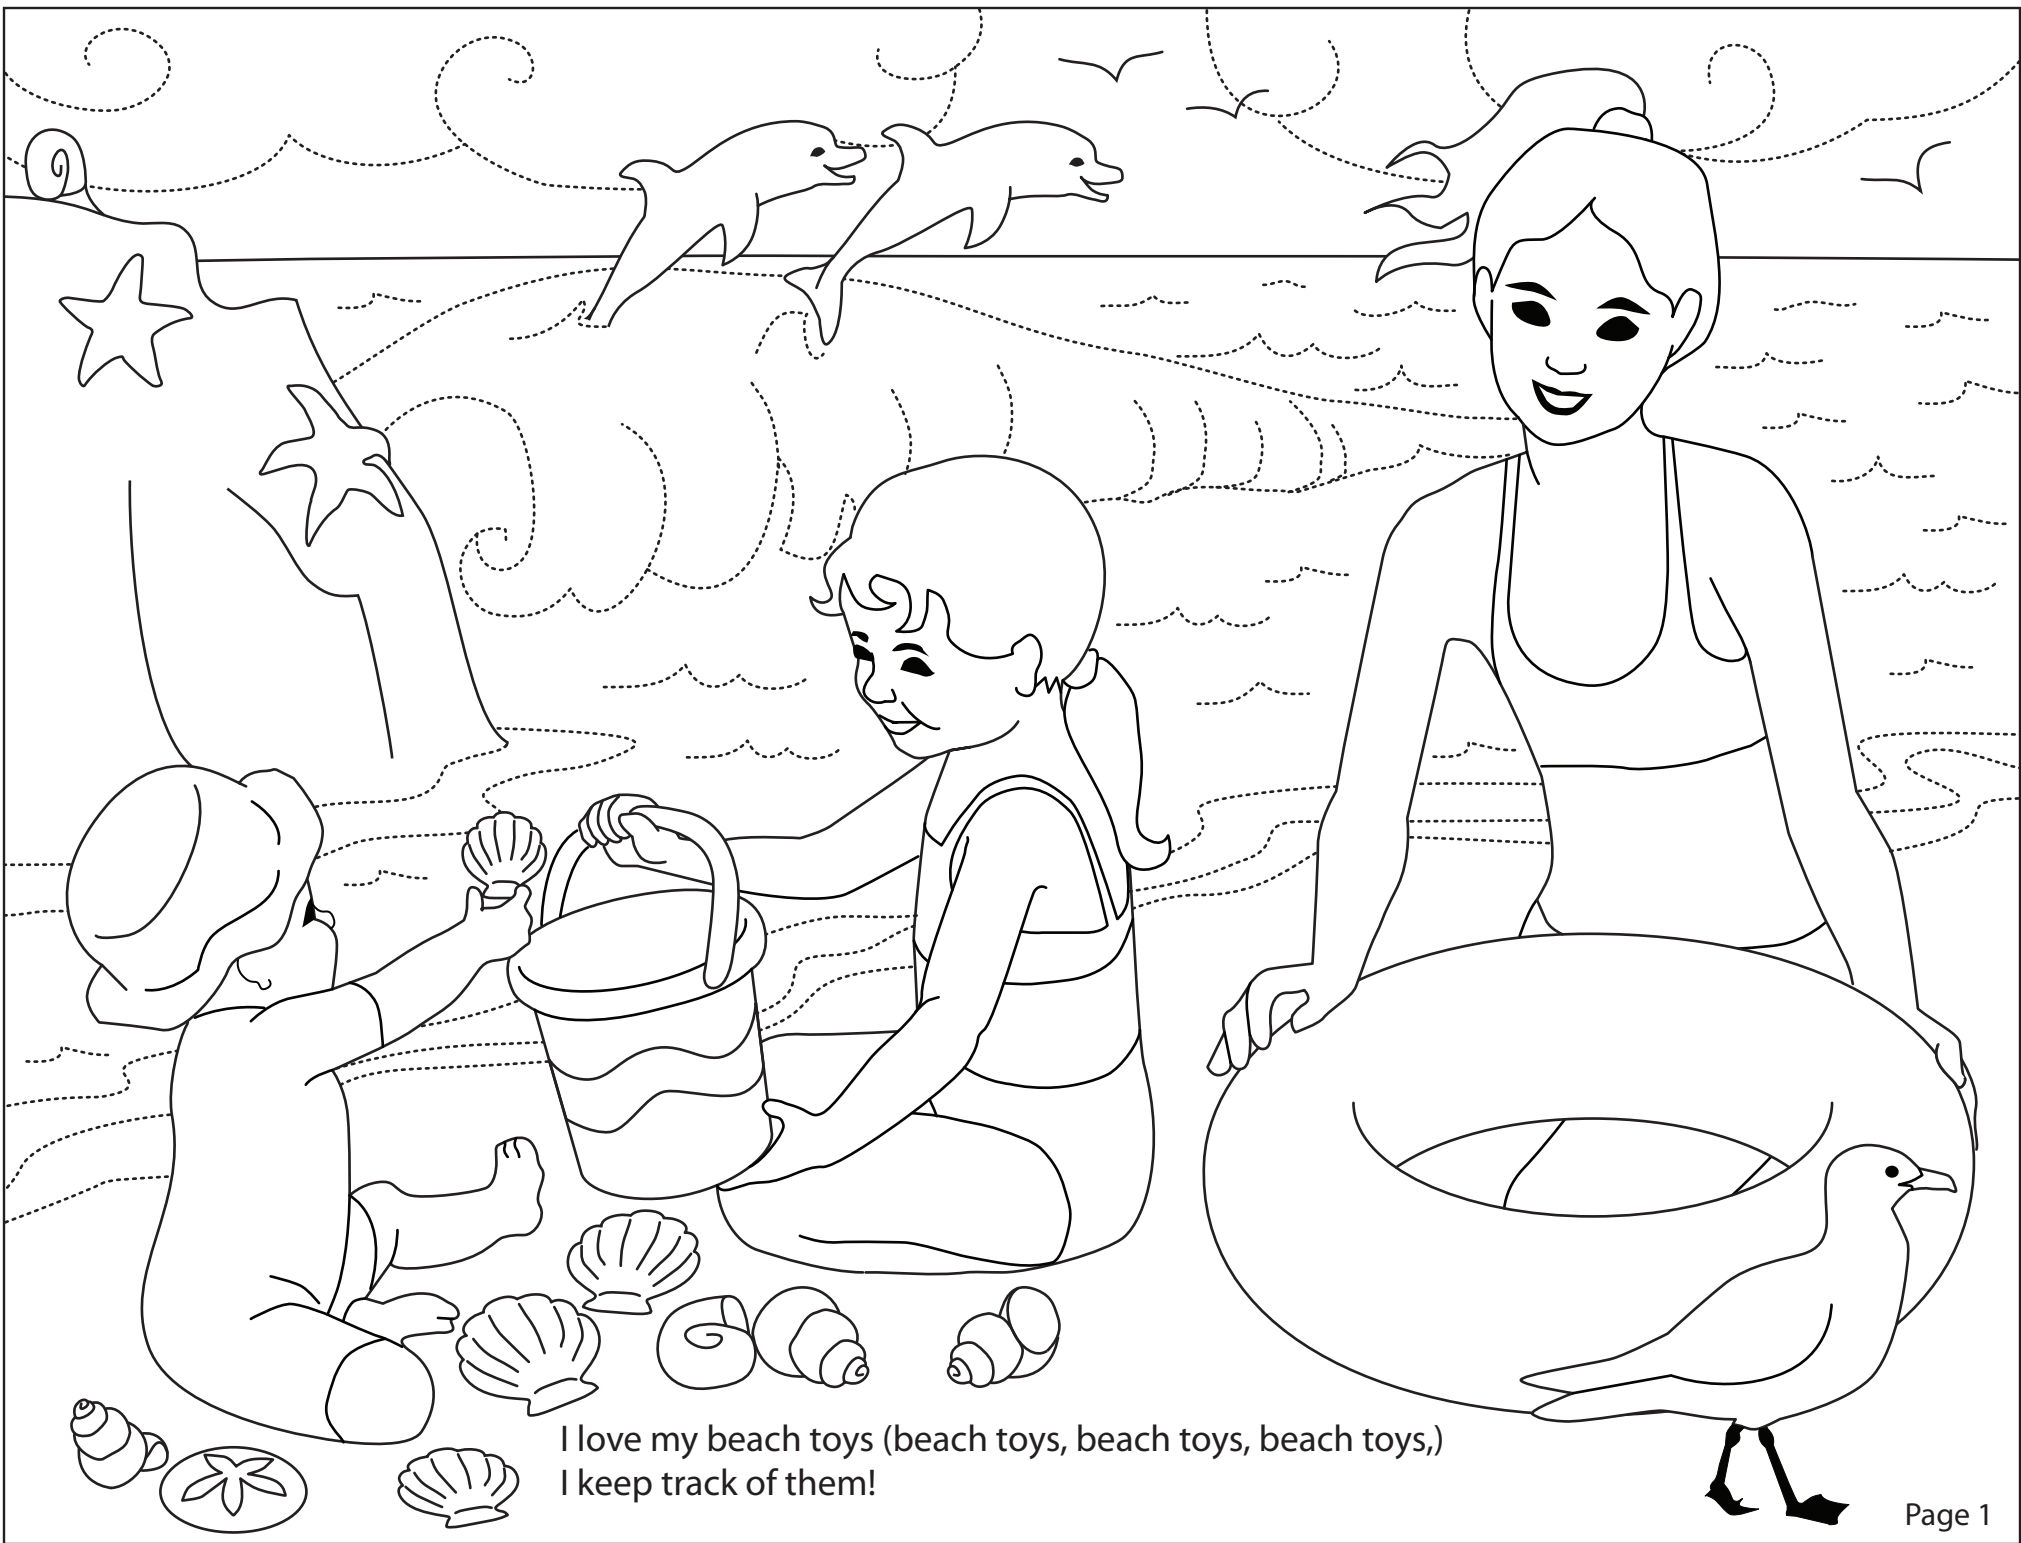

COLORING BOOK

by Teresa Espaniola with Illustrations by Isabelle Corlett

Based on Song by Teresa Espaniola Music by Tim Mellon

Hi! Let's take a walk along the beach!

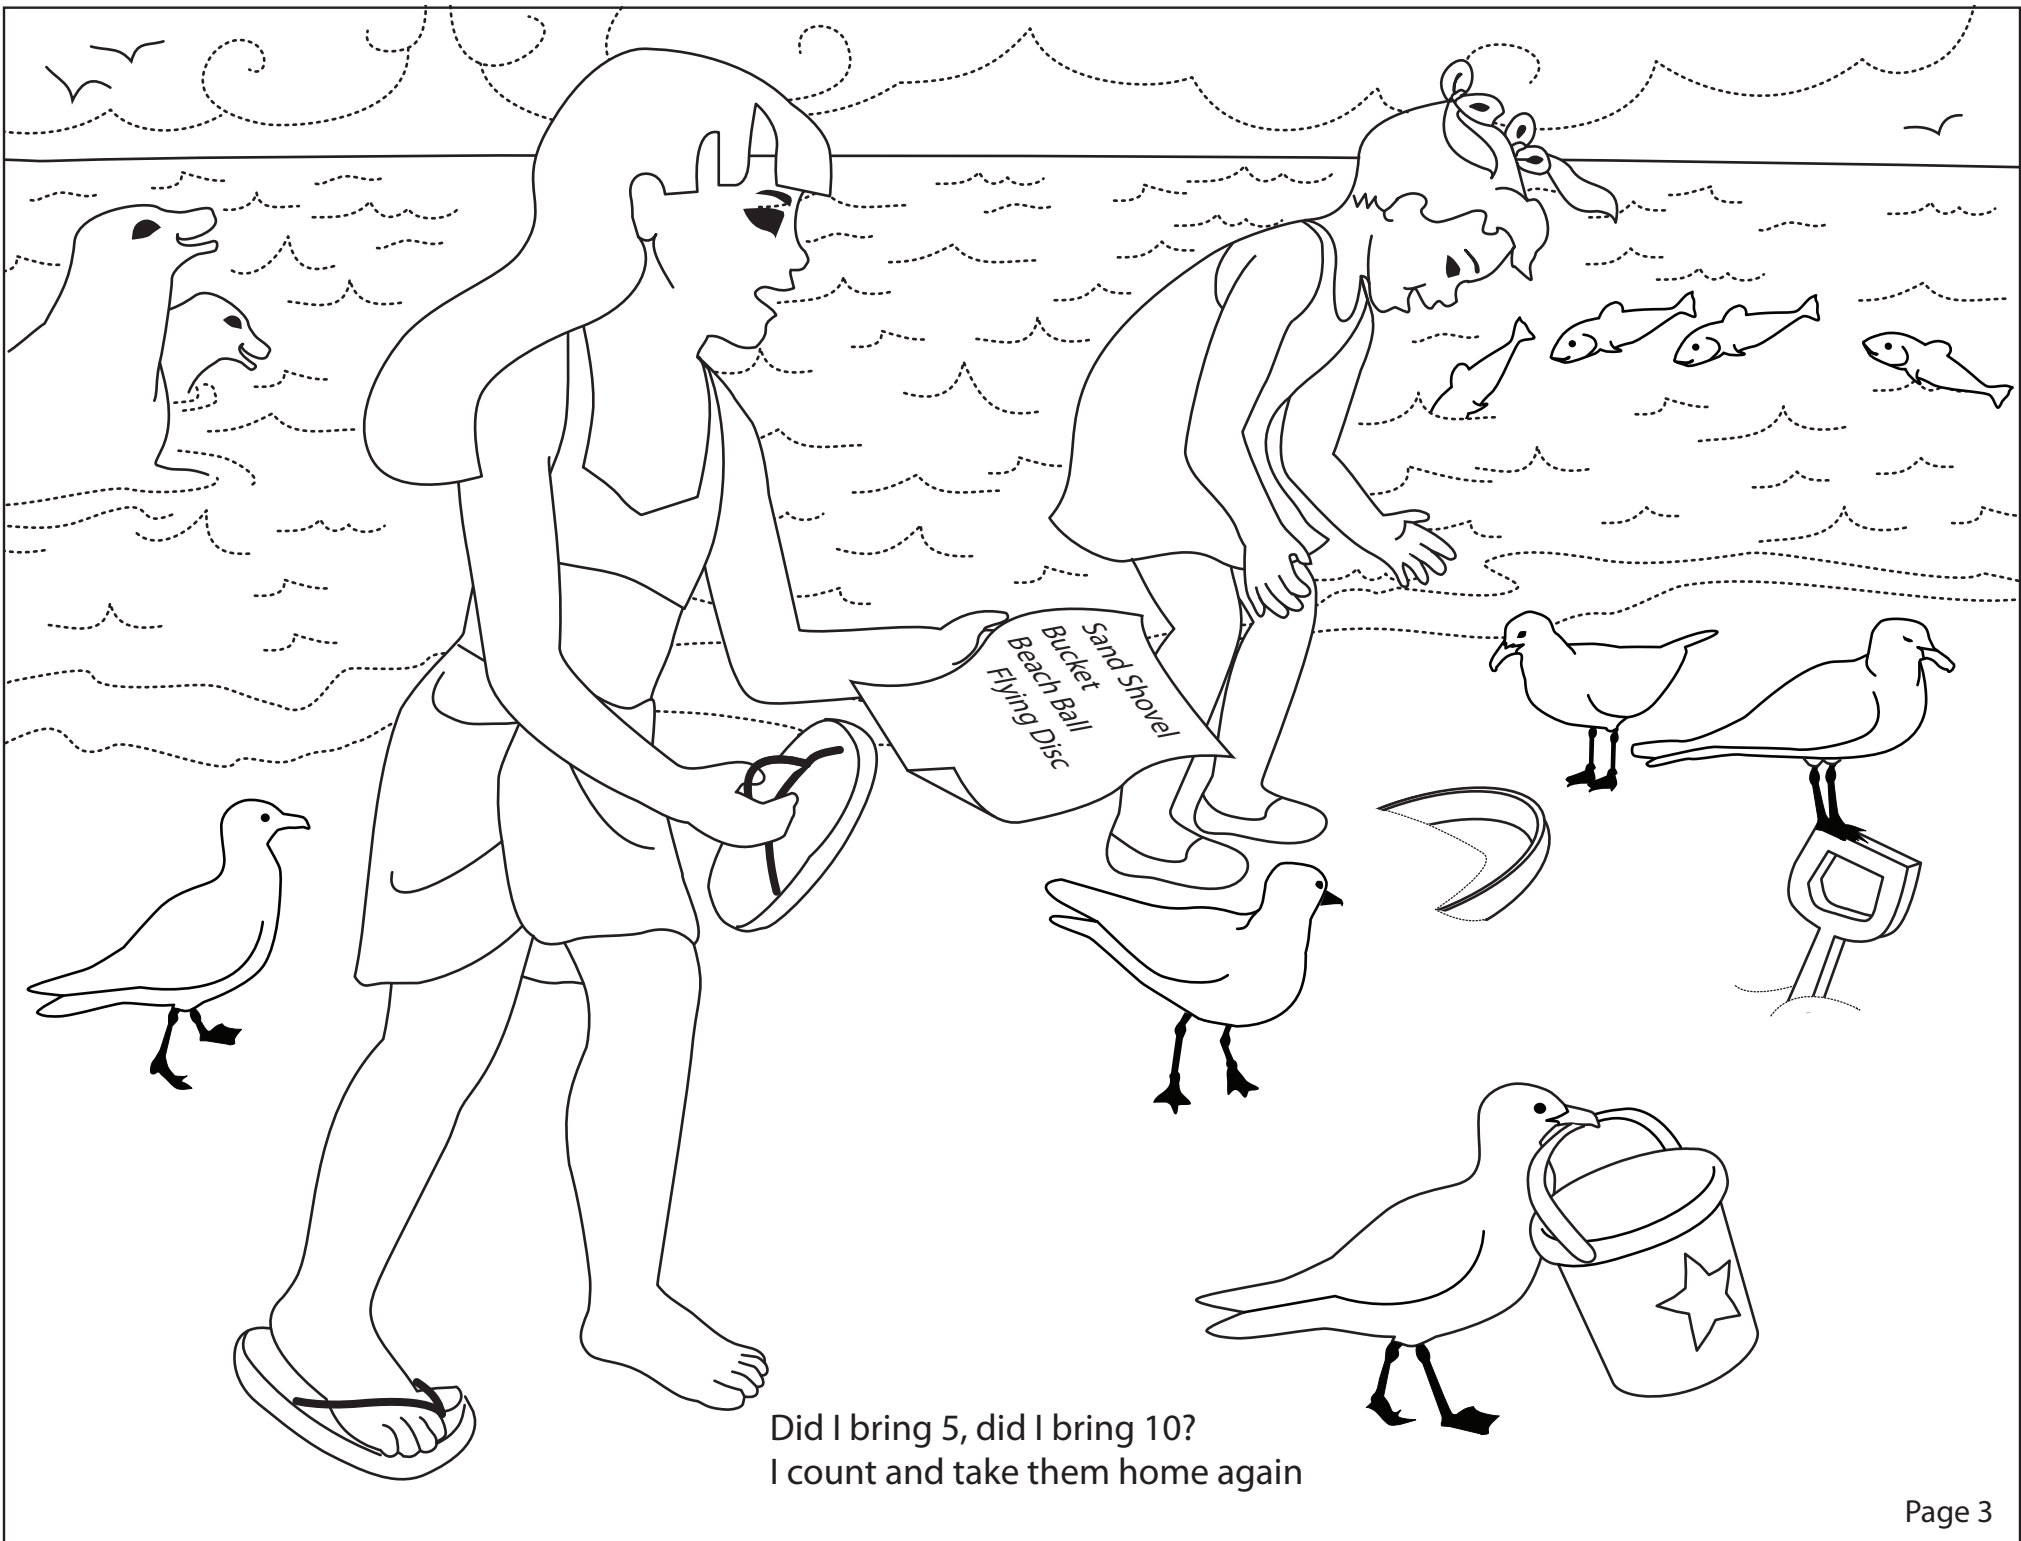

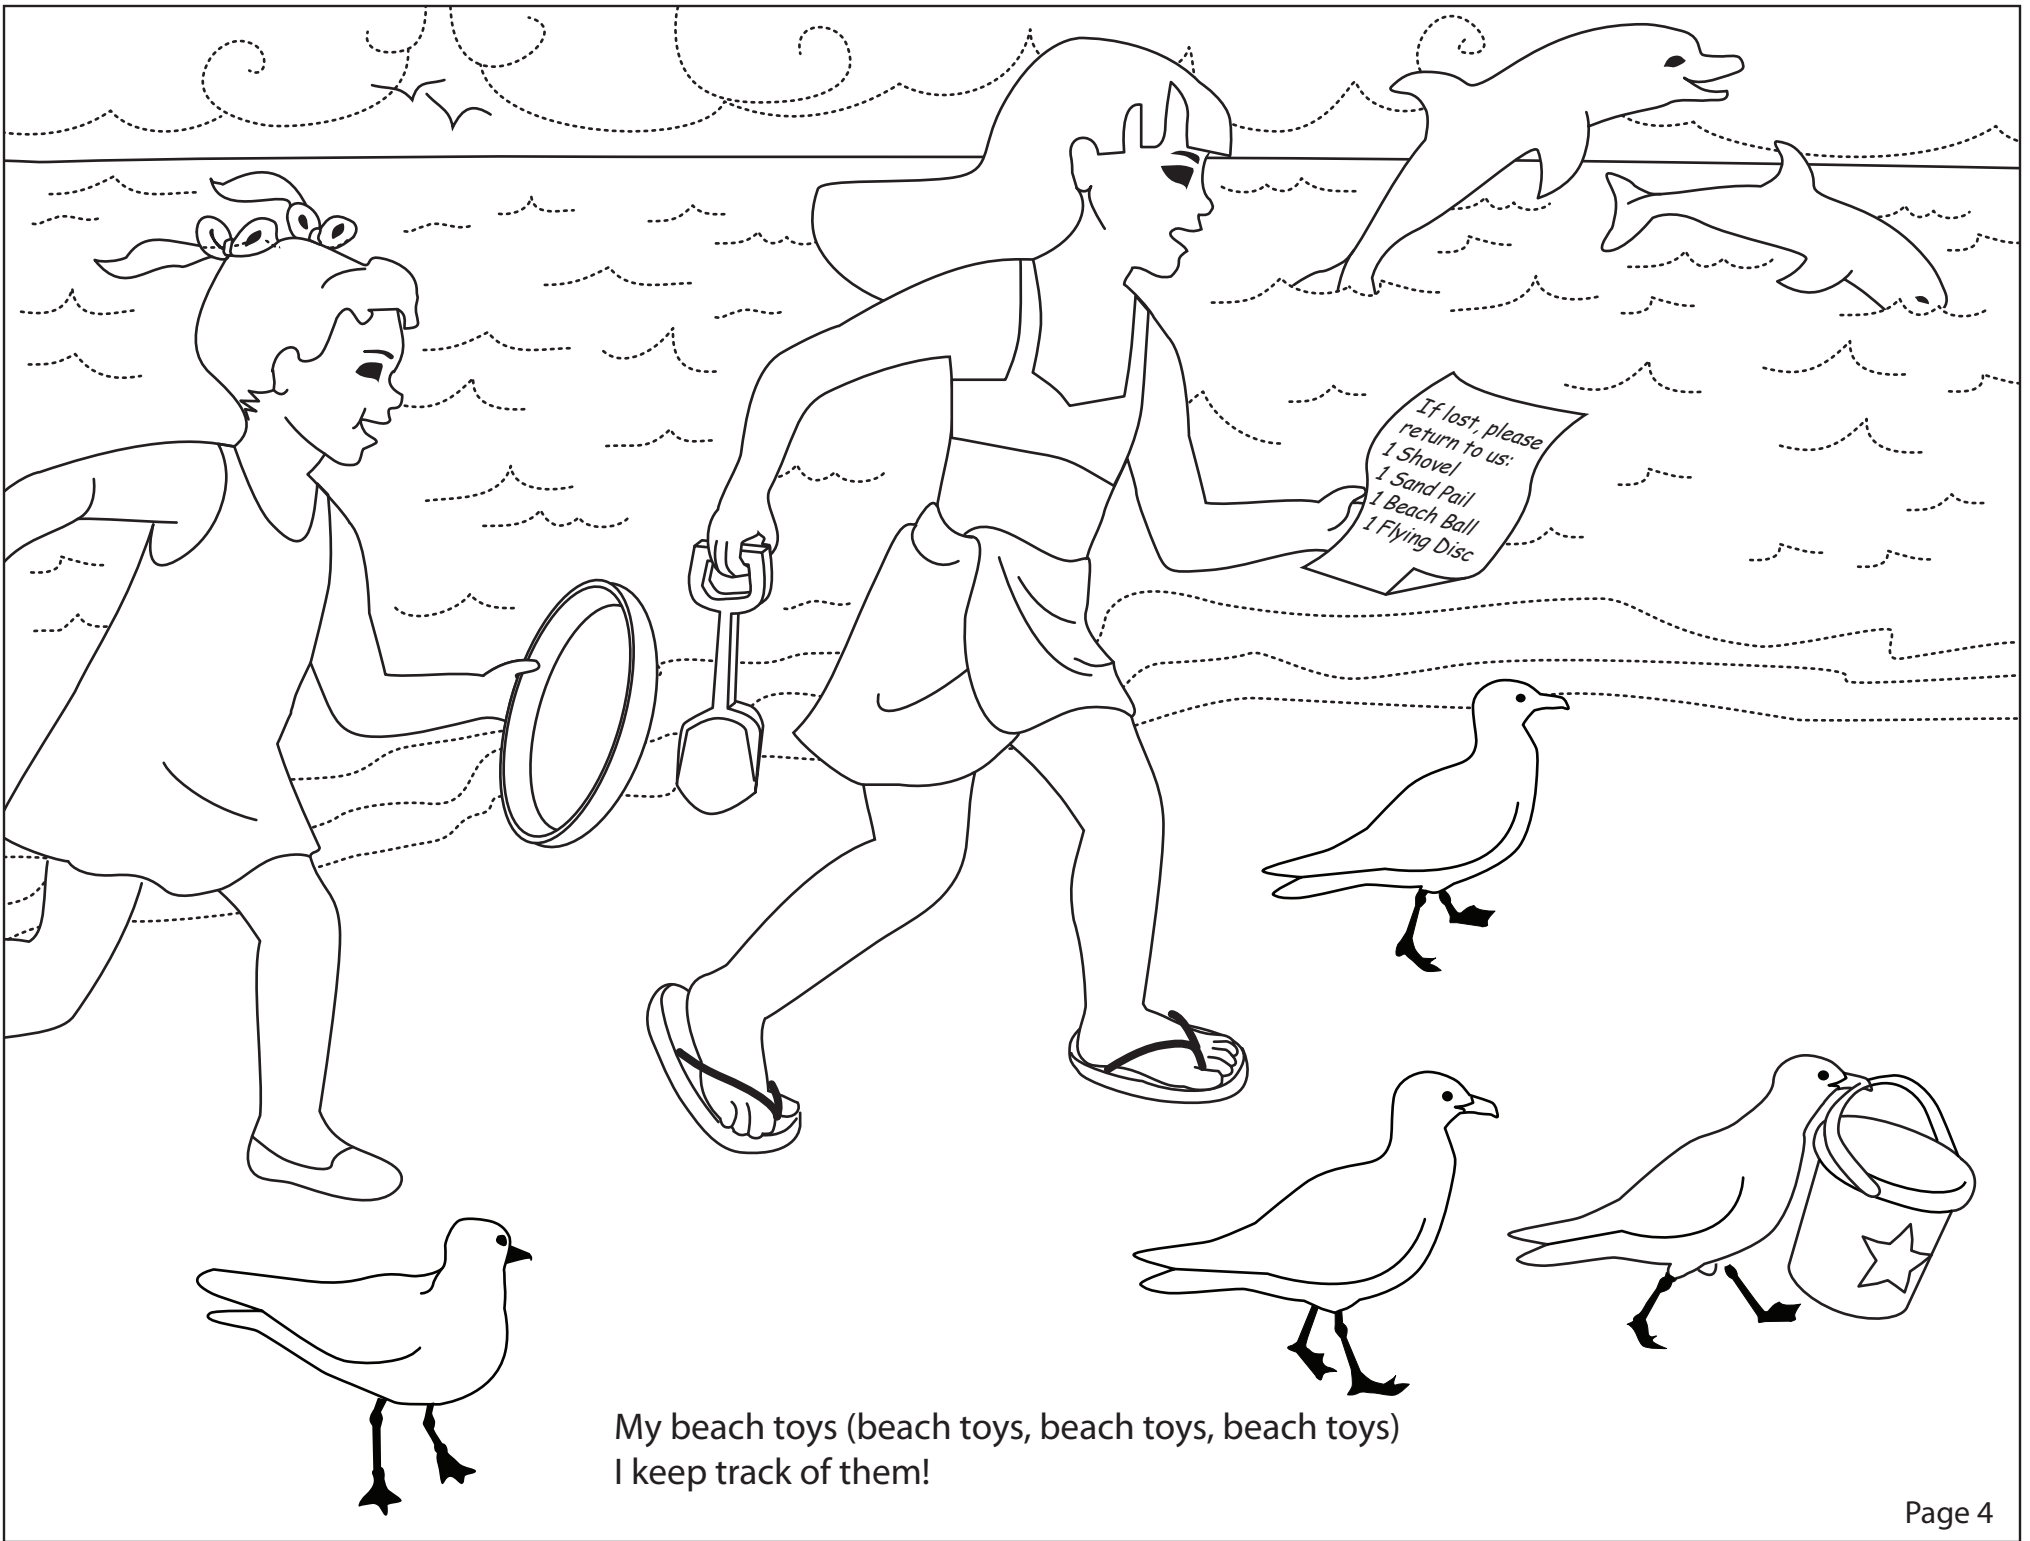

I love my beach toys (beach toys, beach toys, beach toys,)
I keep track of them!

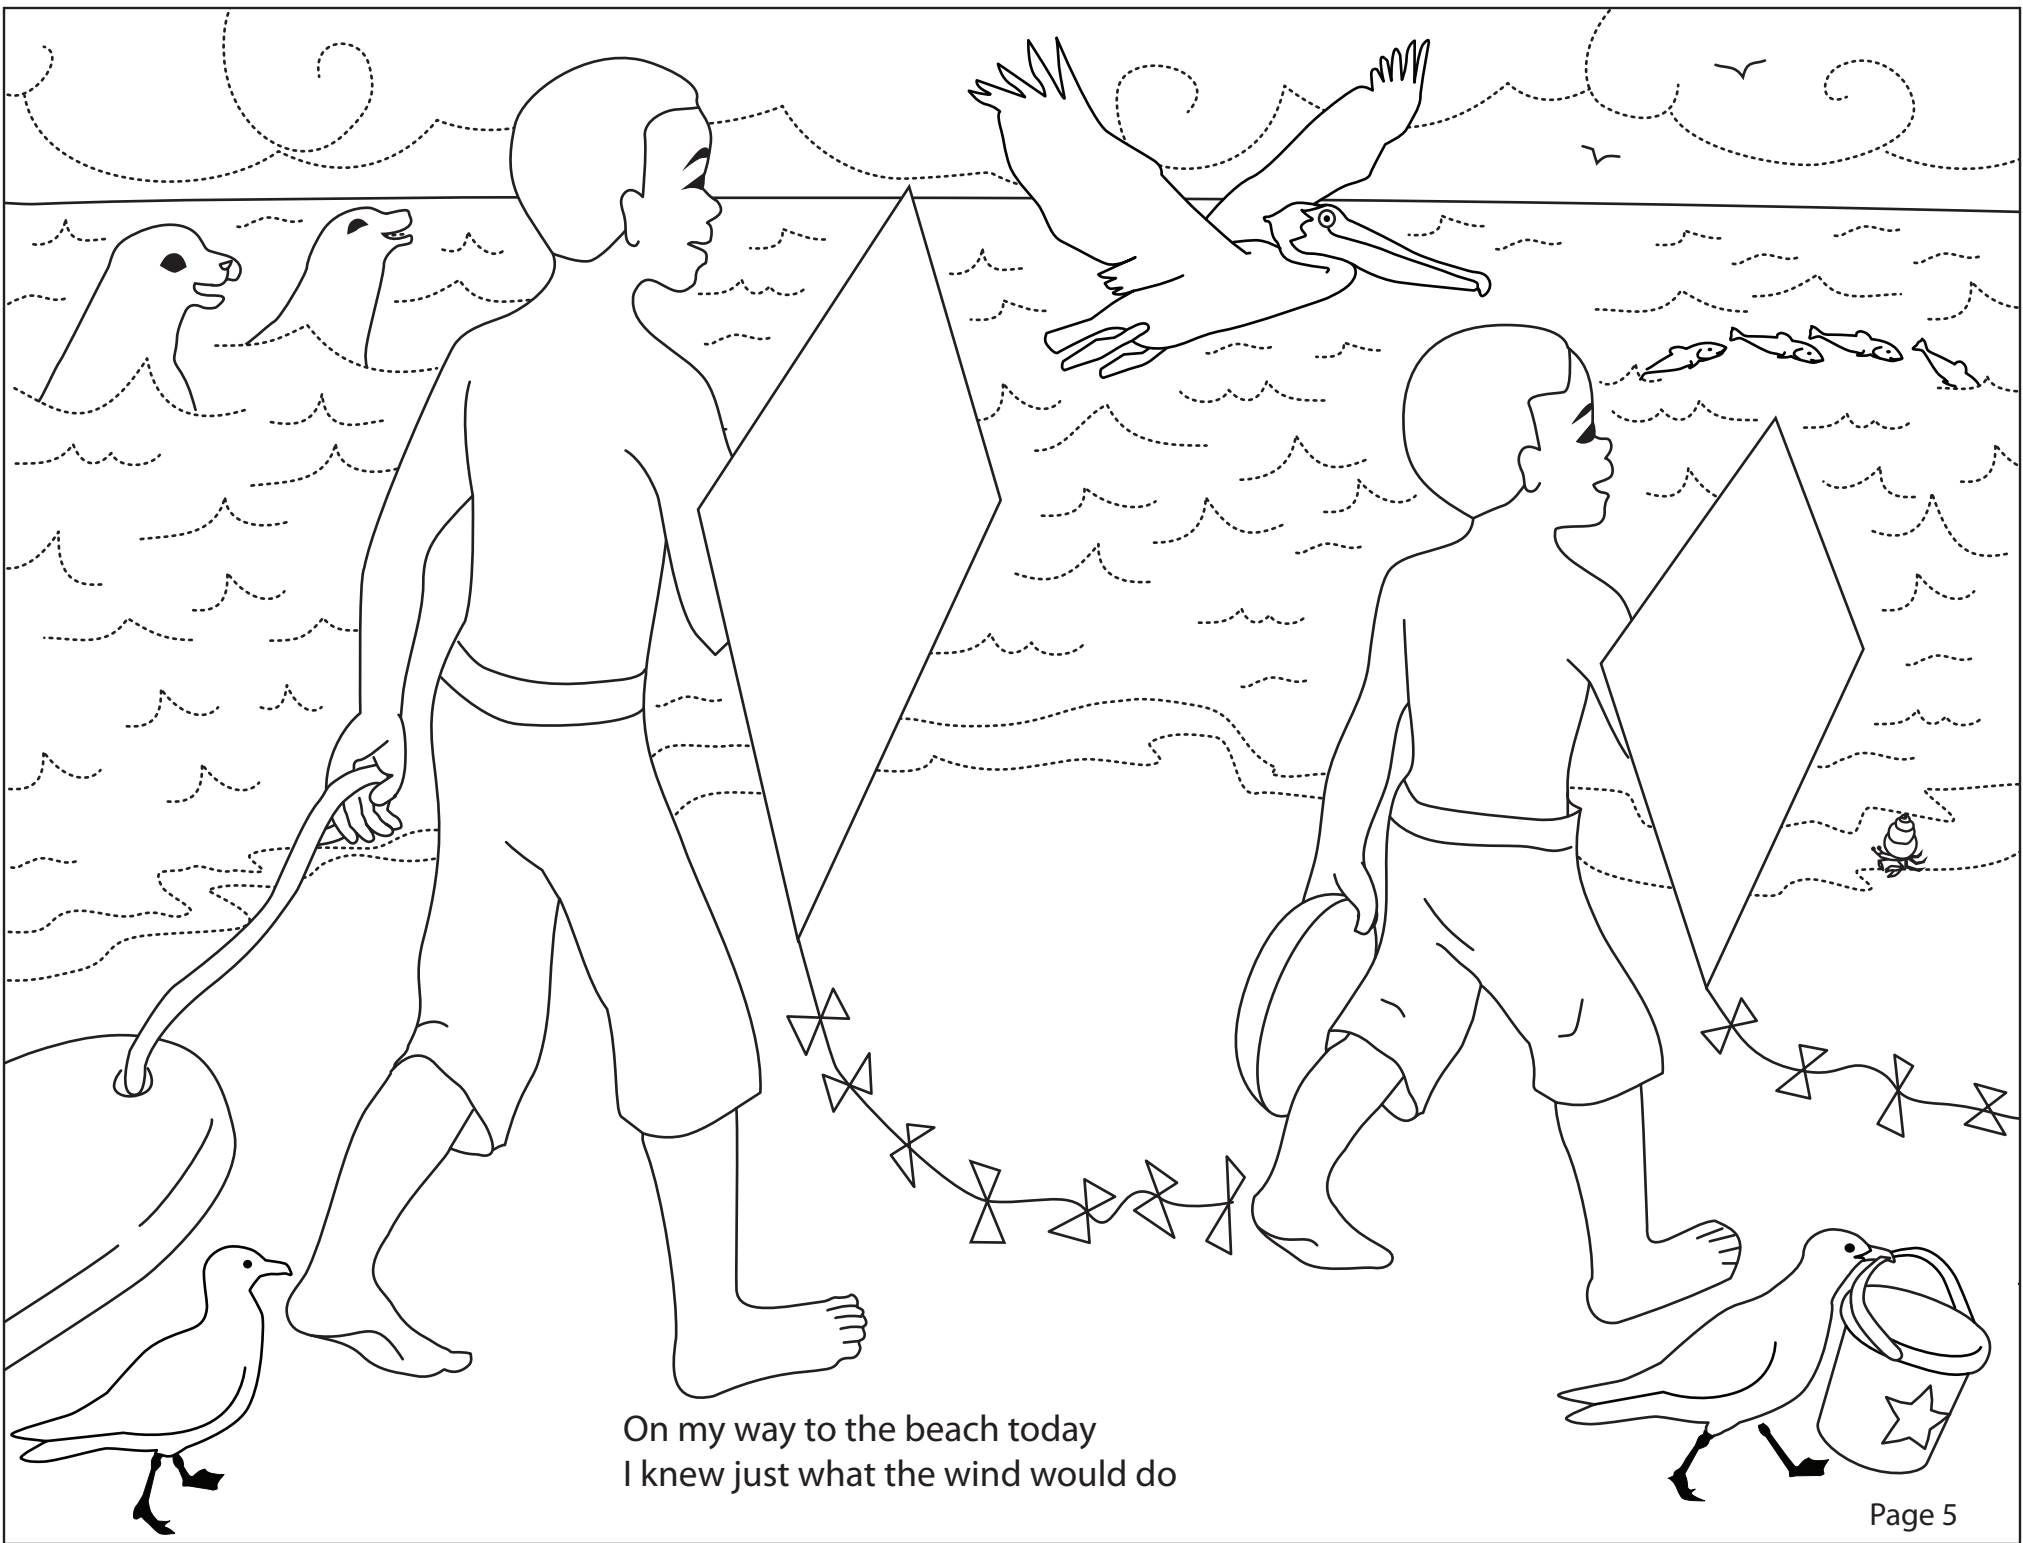

Where are my beach toys? (beach toys, beach toys)
Are they buried in the sand?

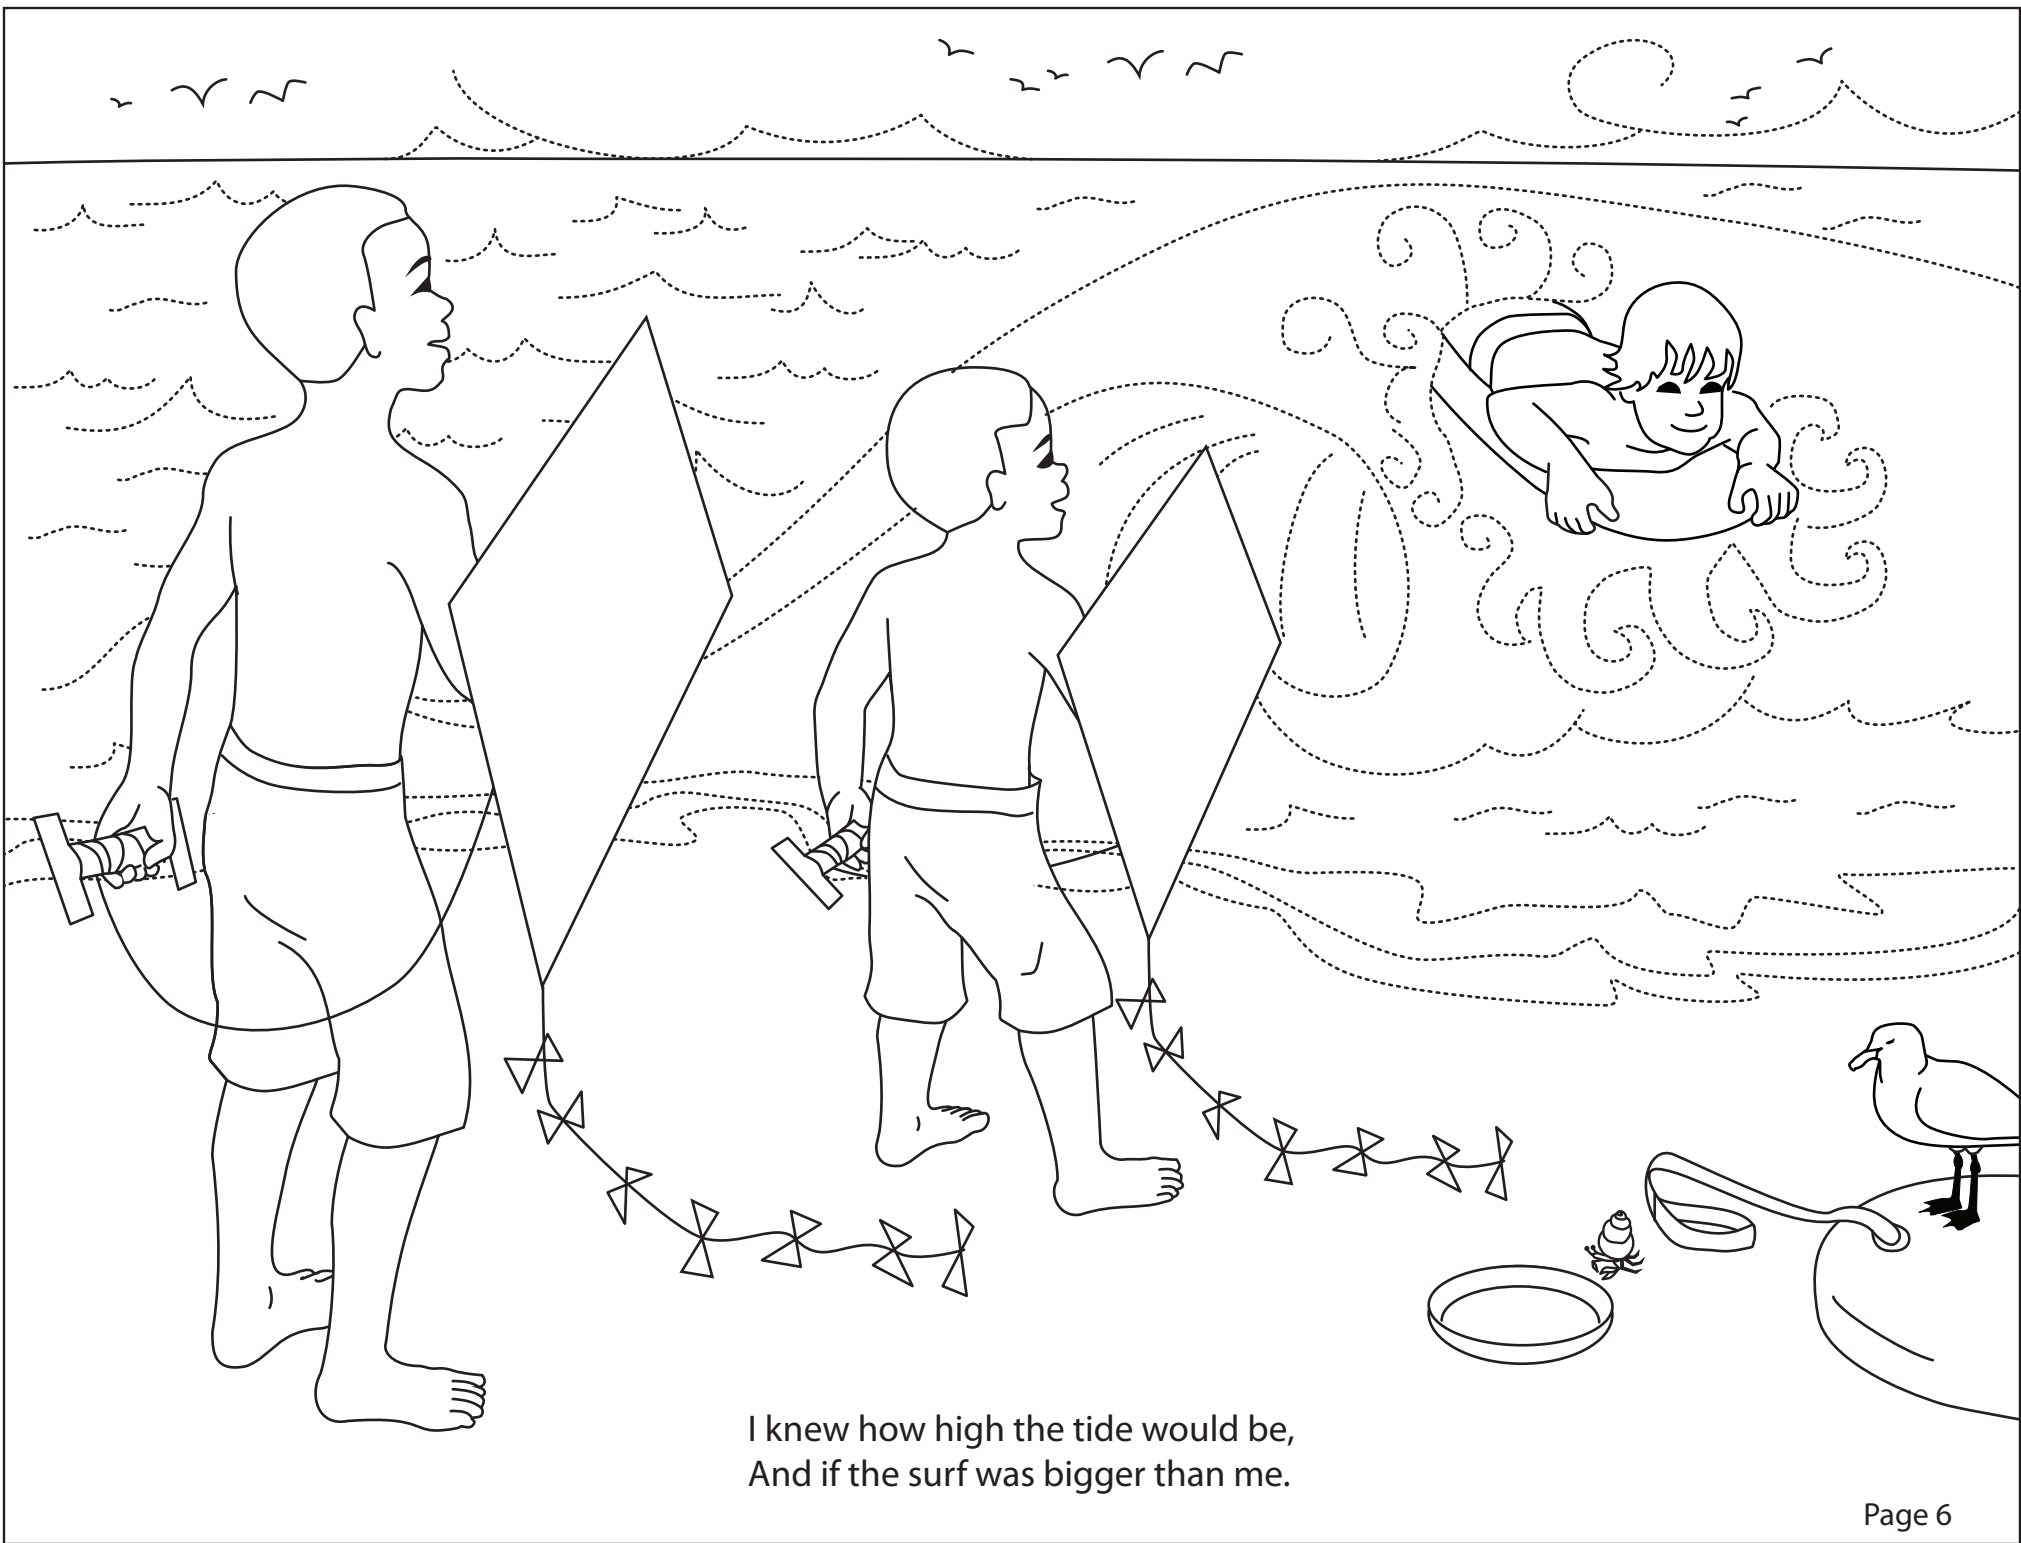

Did I bring 5, did I bring 10?
I count and take them home again

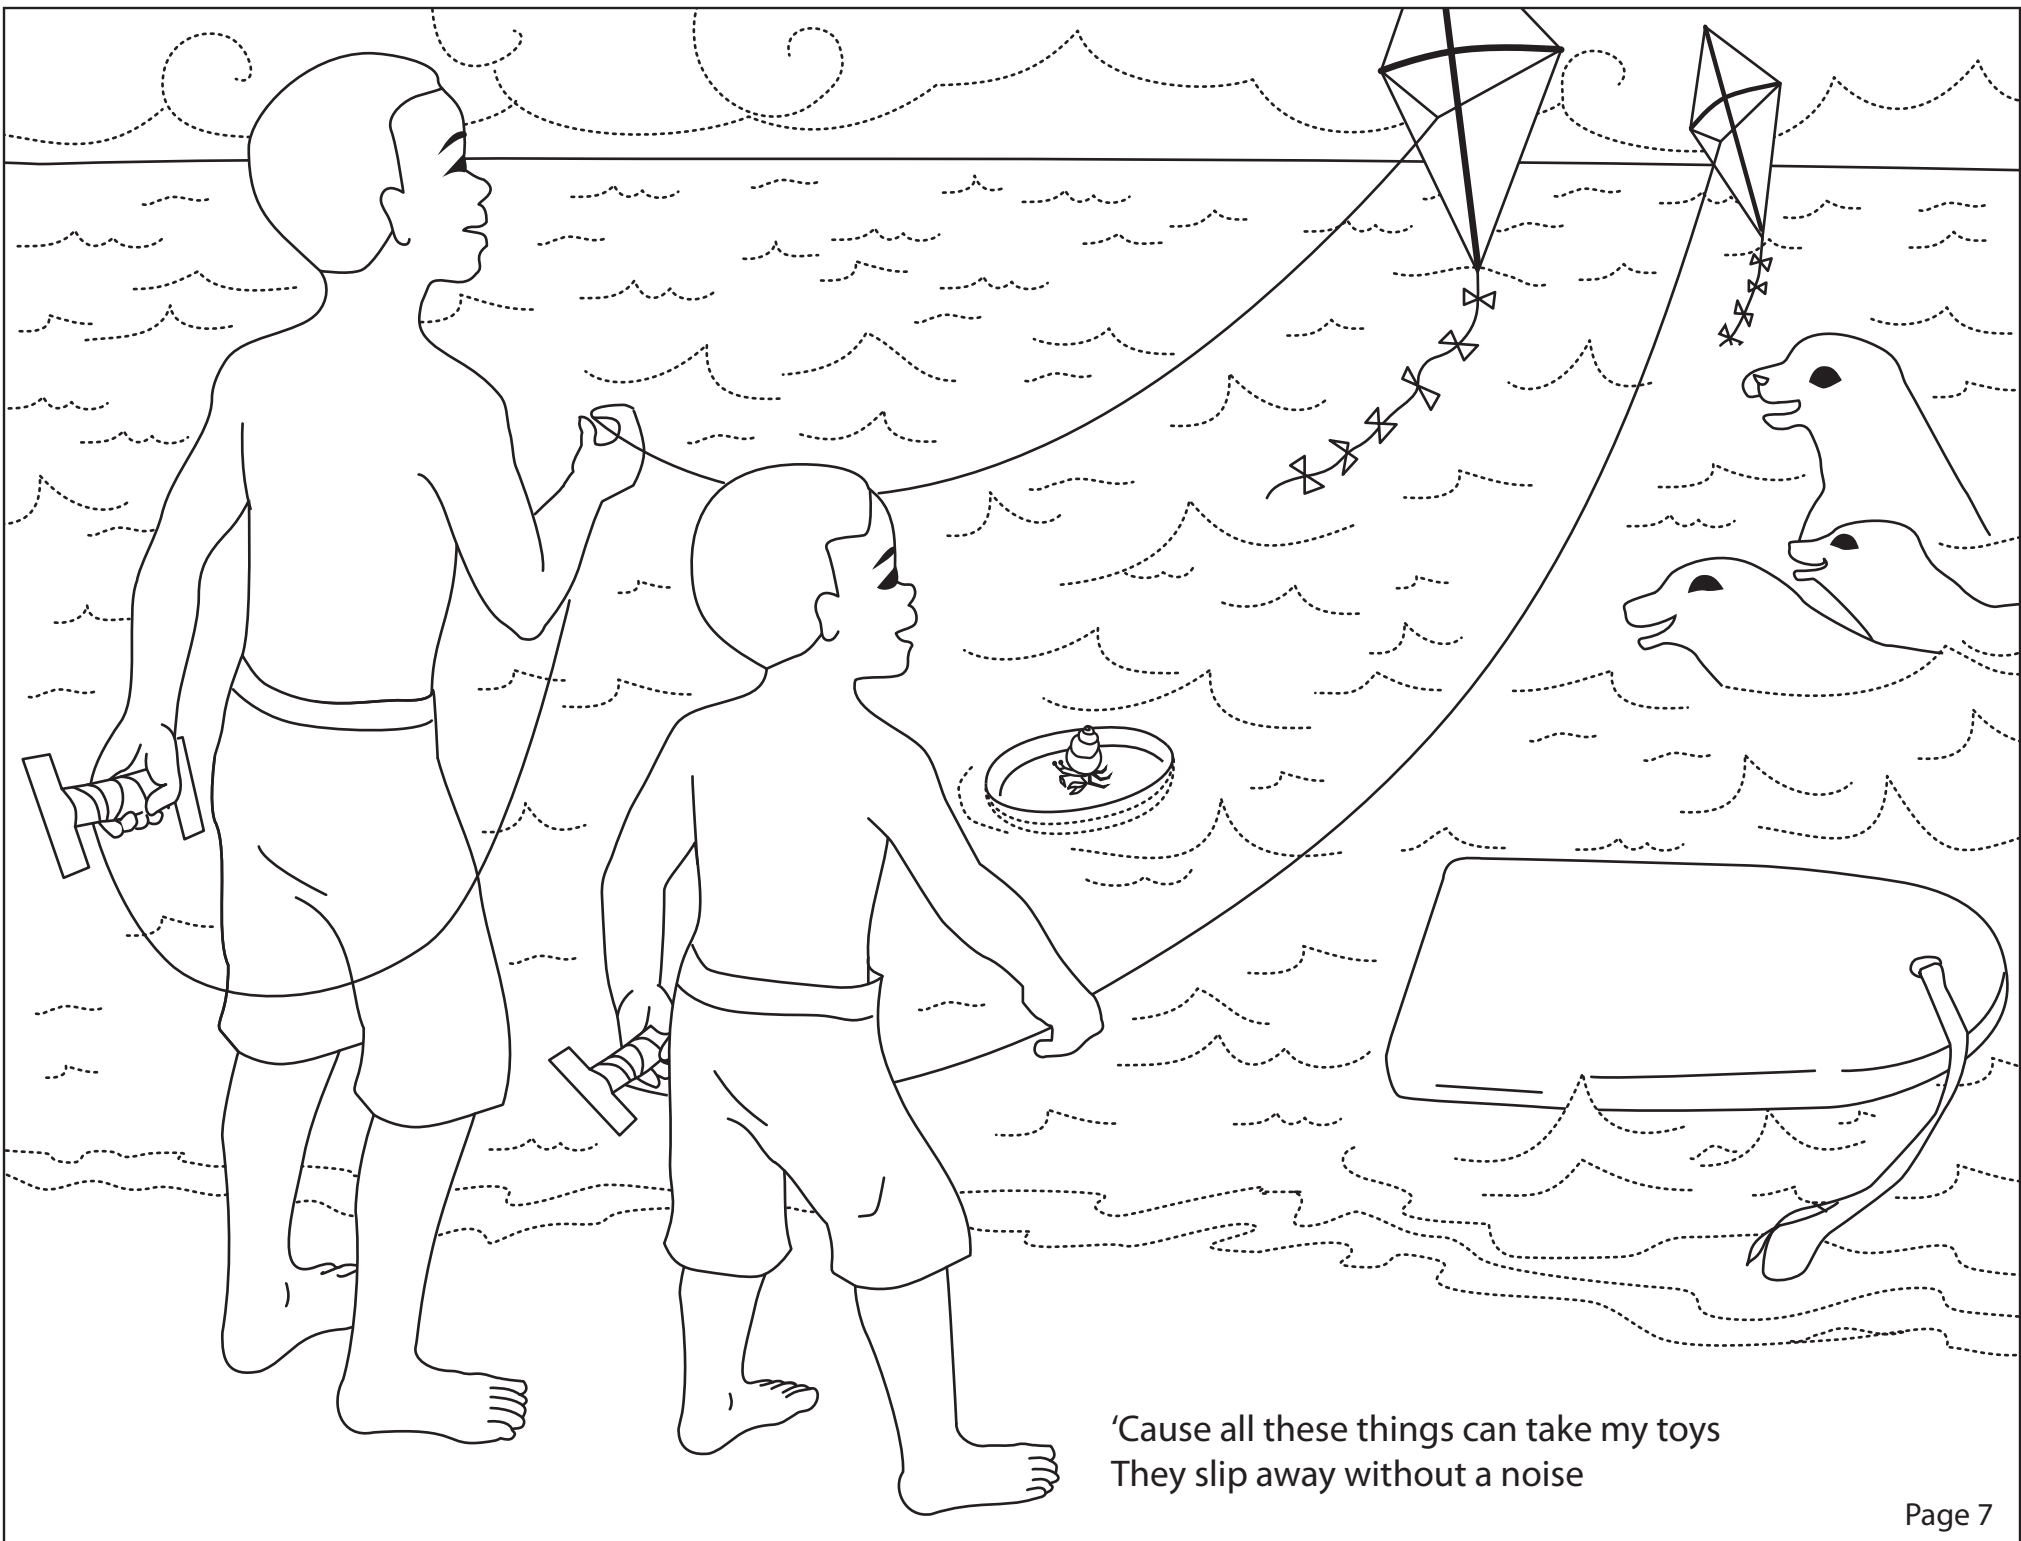

My beach toys (beach toys, beach toys, beach toys)
I keep track of them!

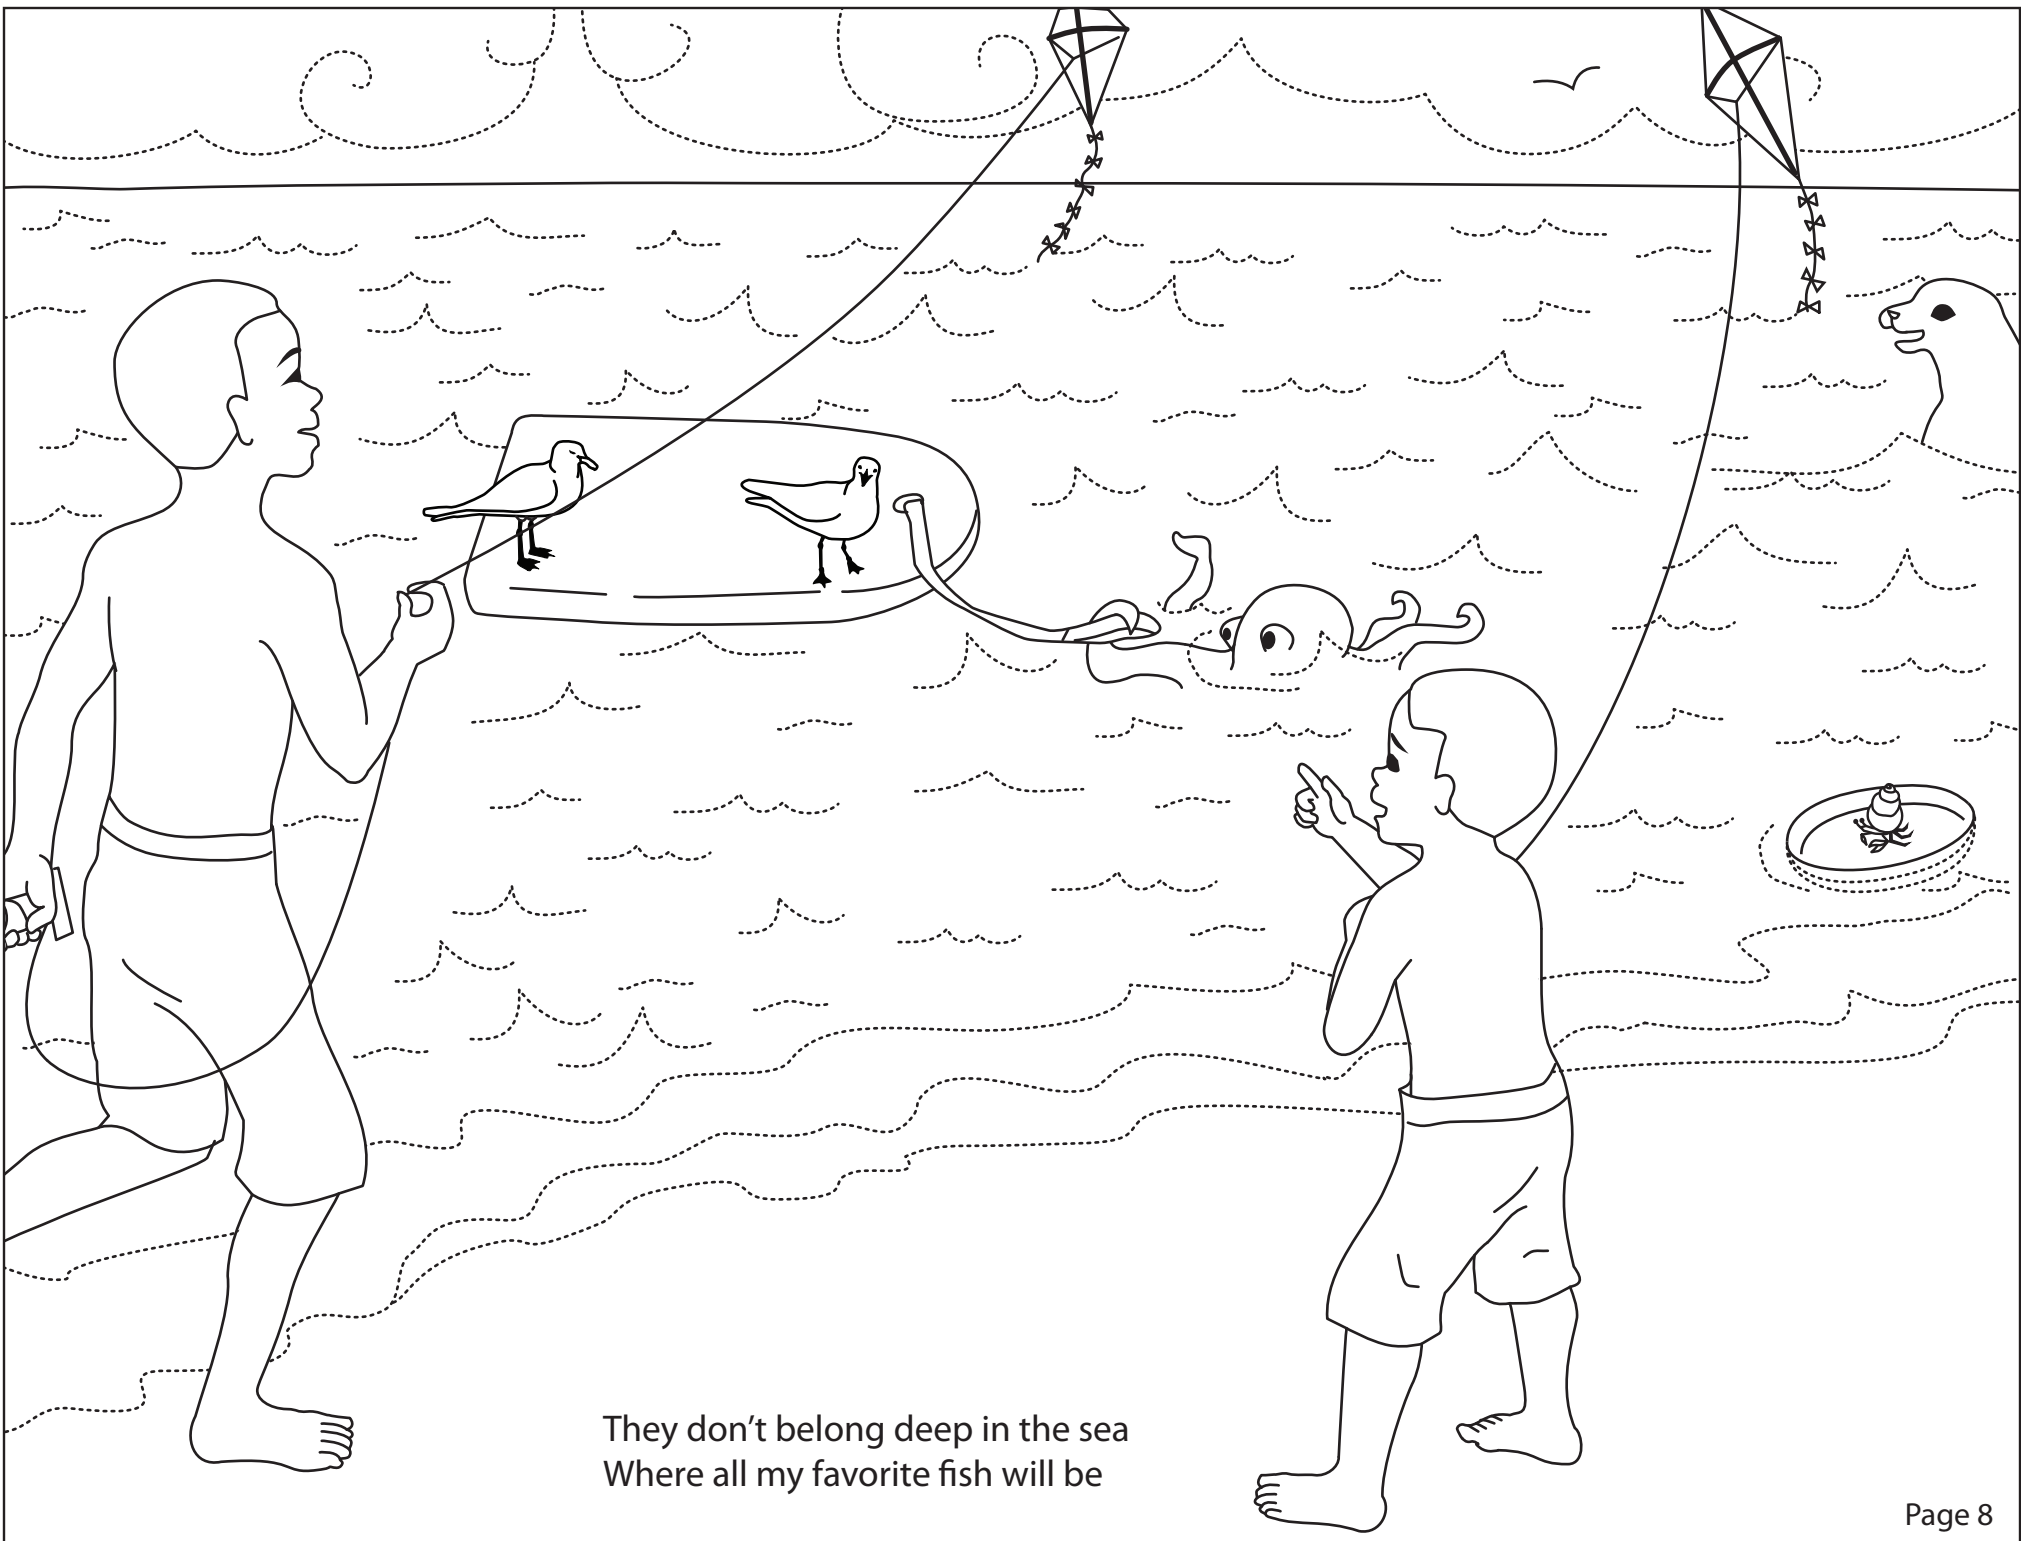

On my way to the beach today
I knew just what the wind would do

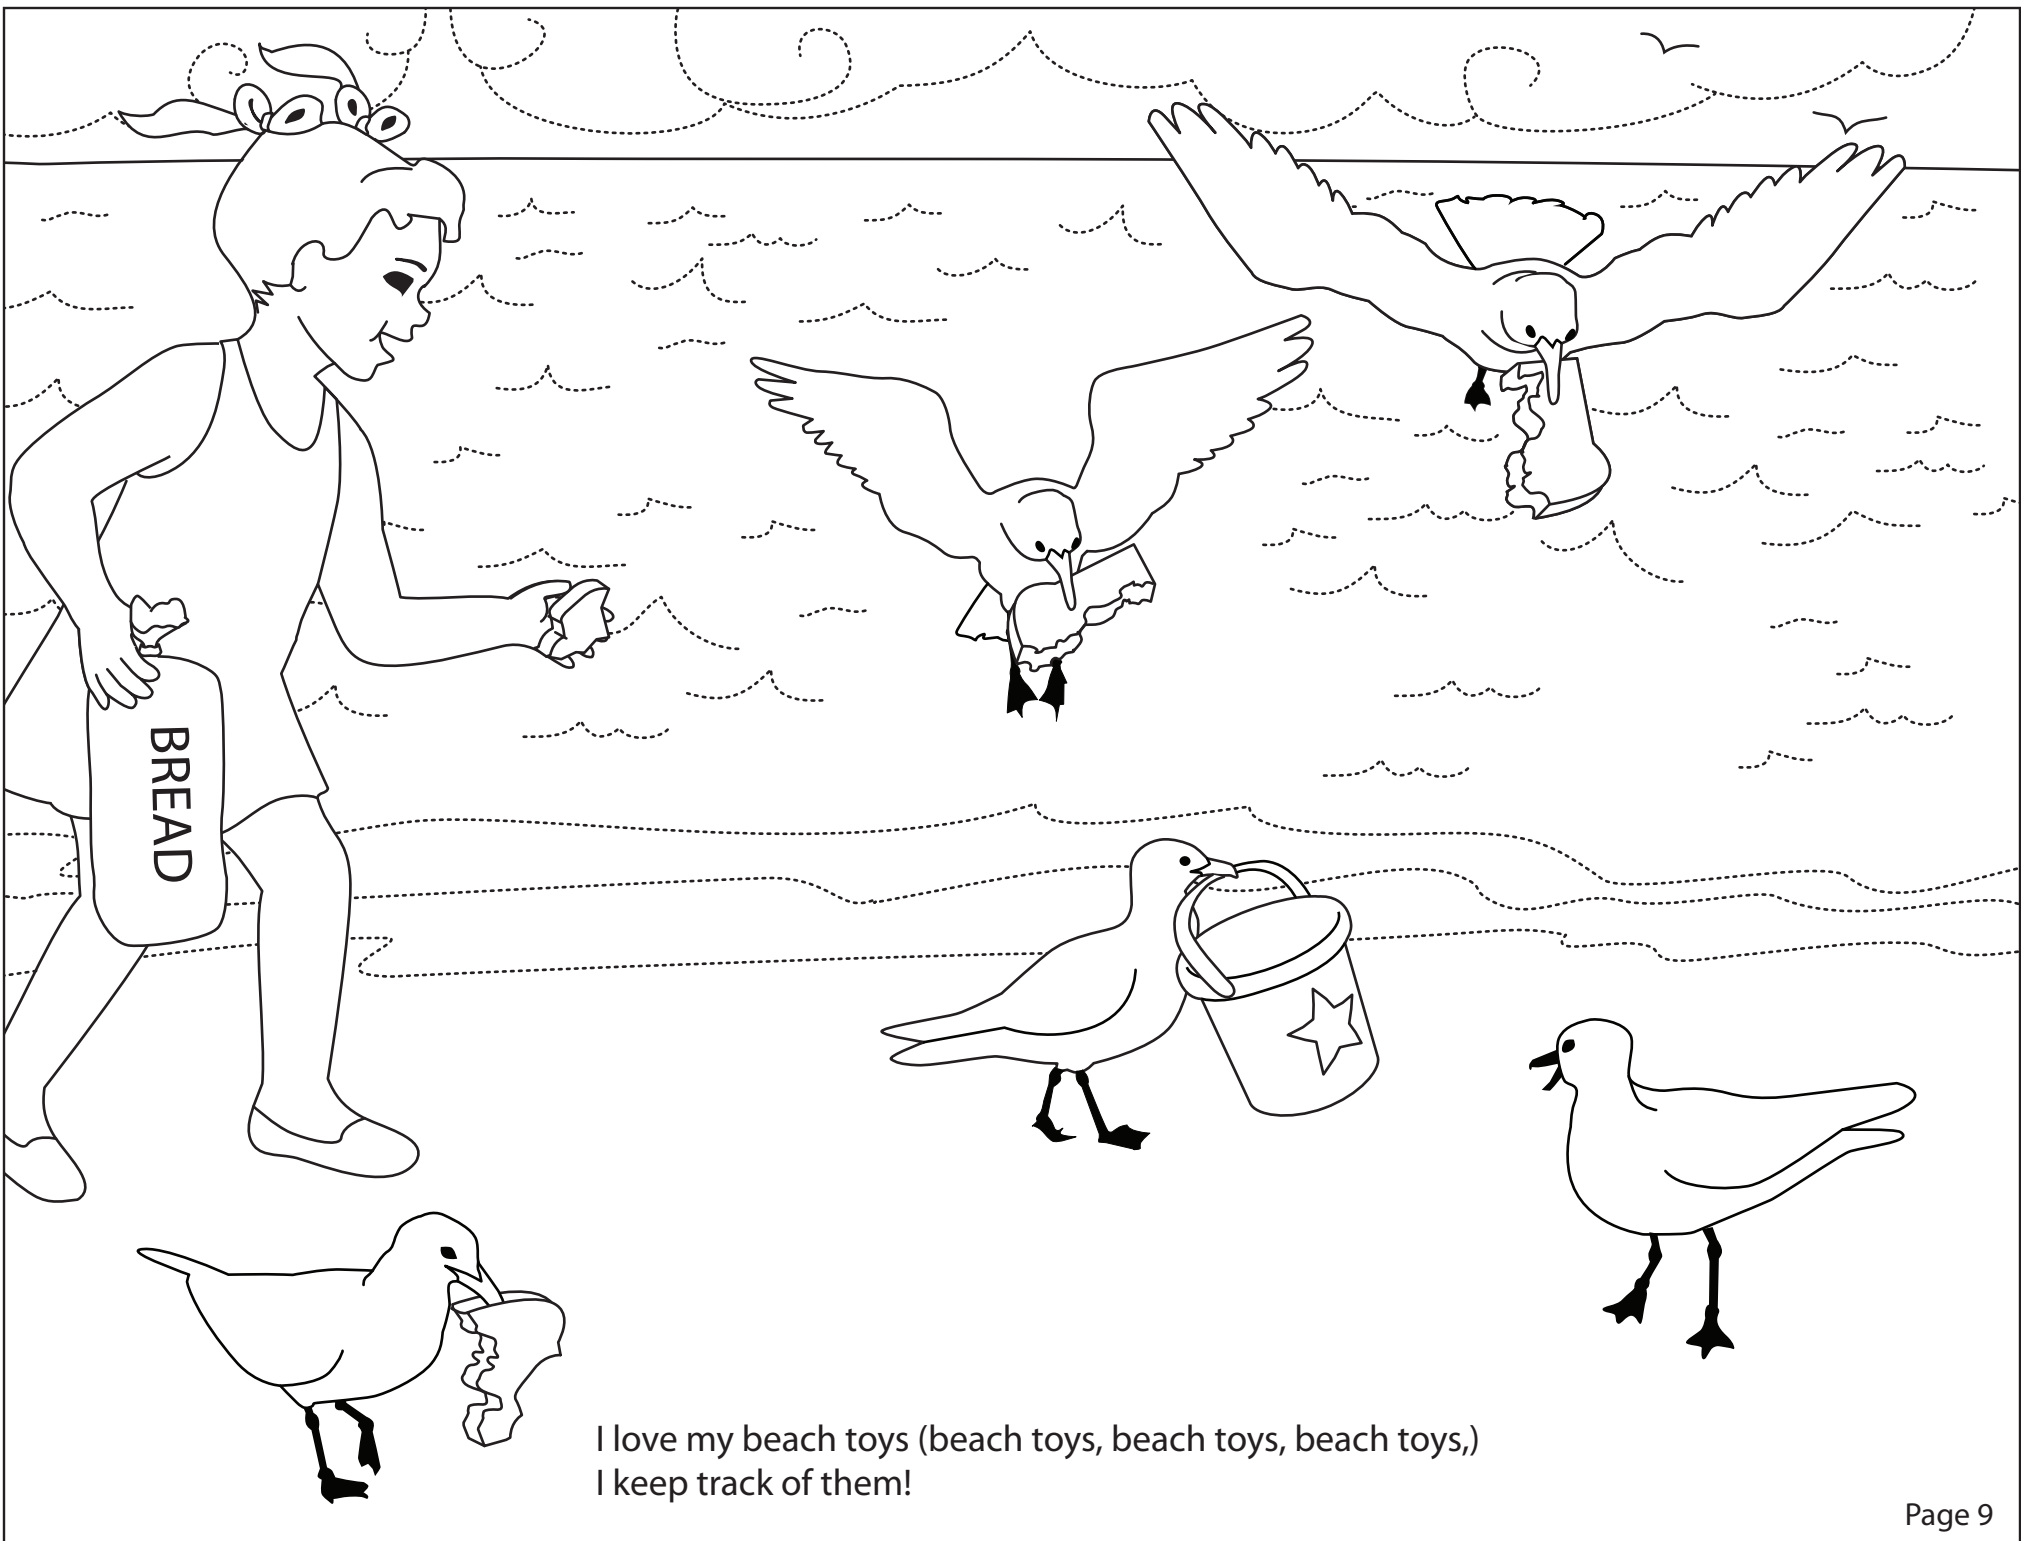

I knew how high the tide would be,
And if the surf was bigger than me.

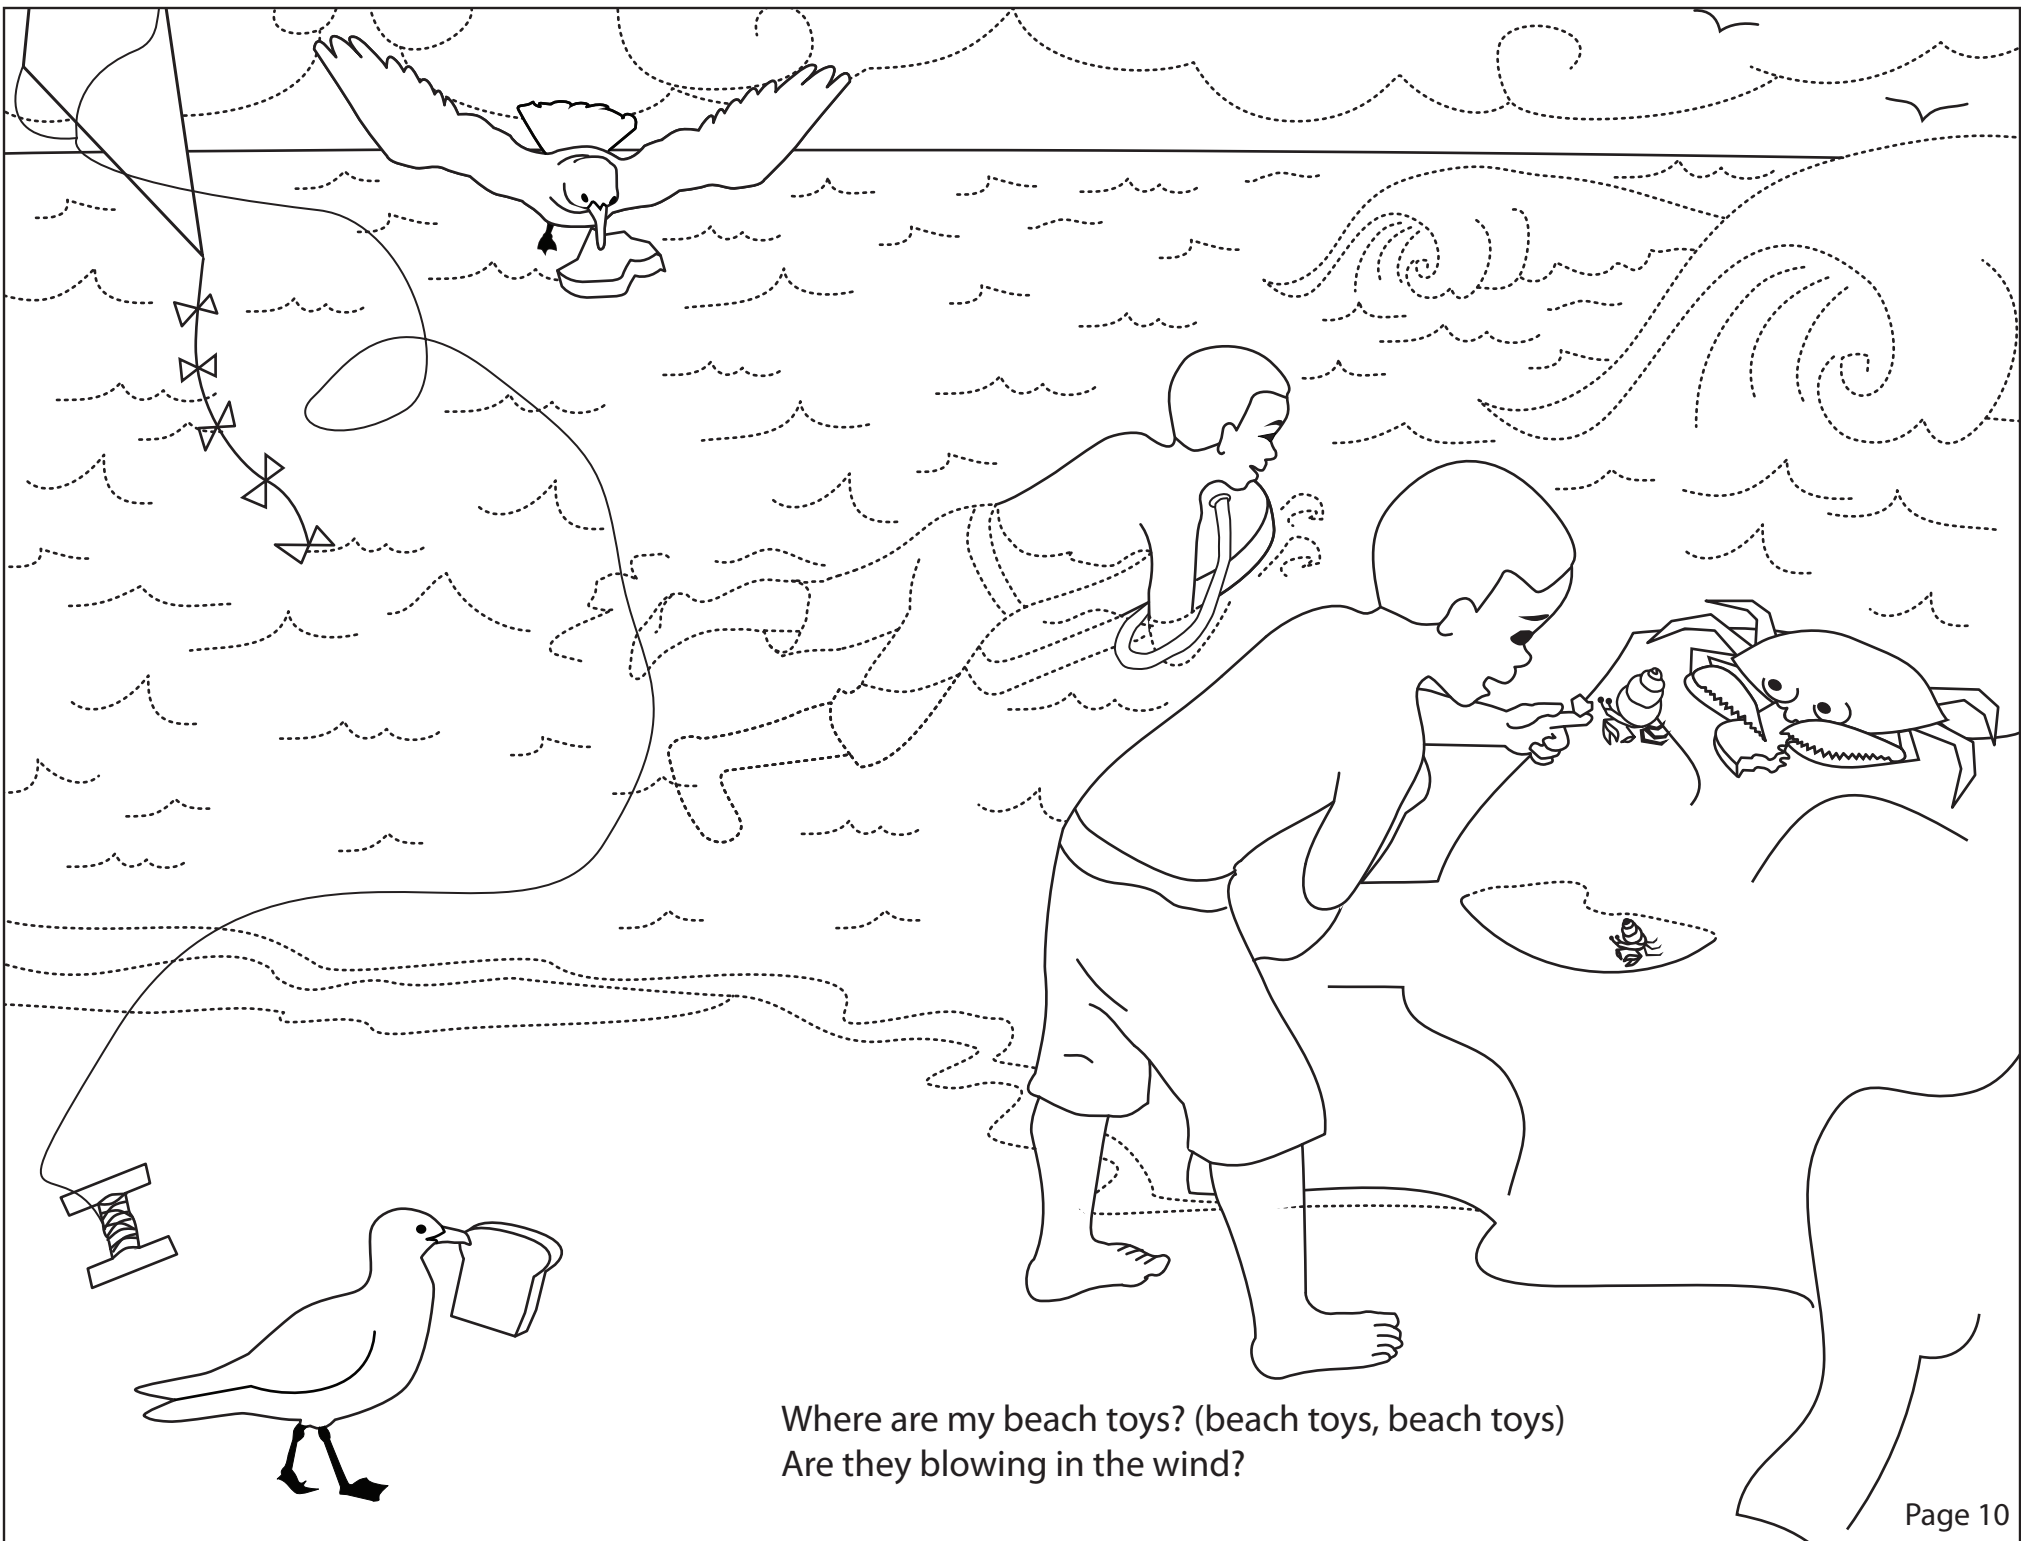

'Cause all these things can take my toys
They slip away without a noise

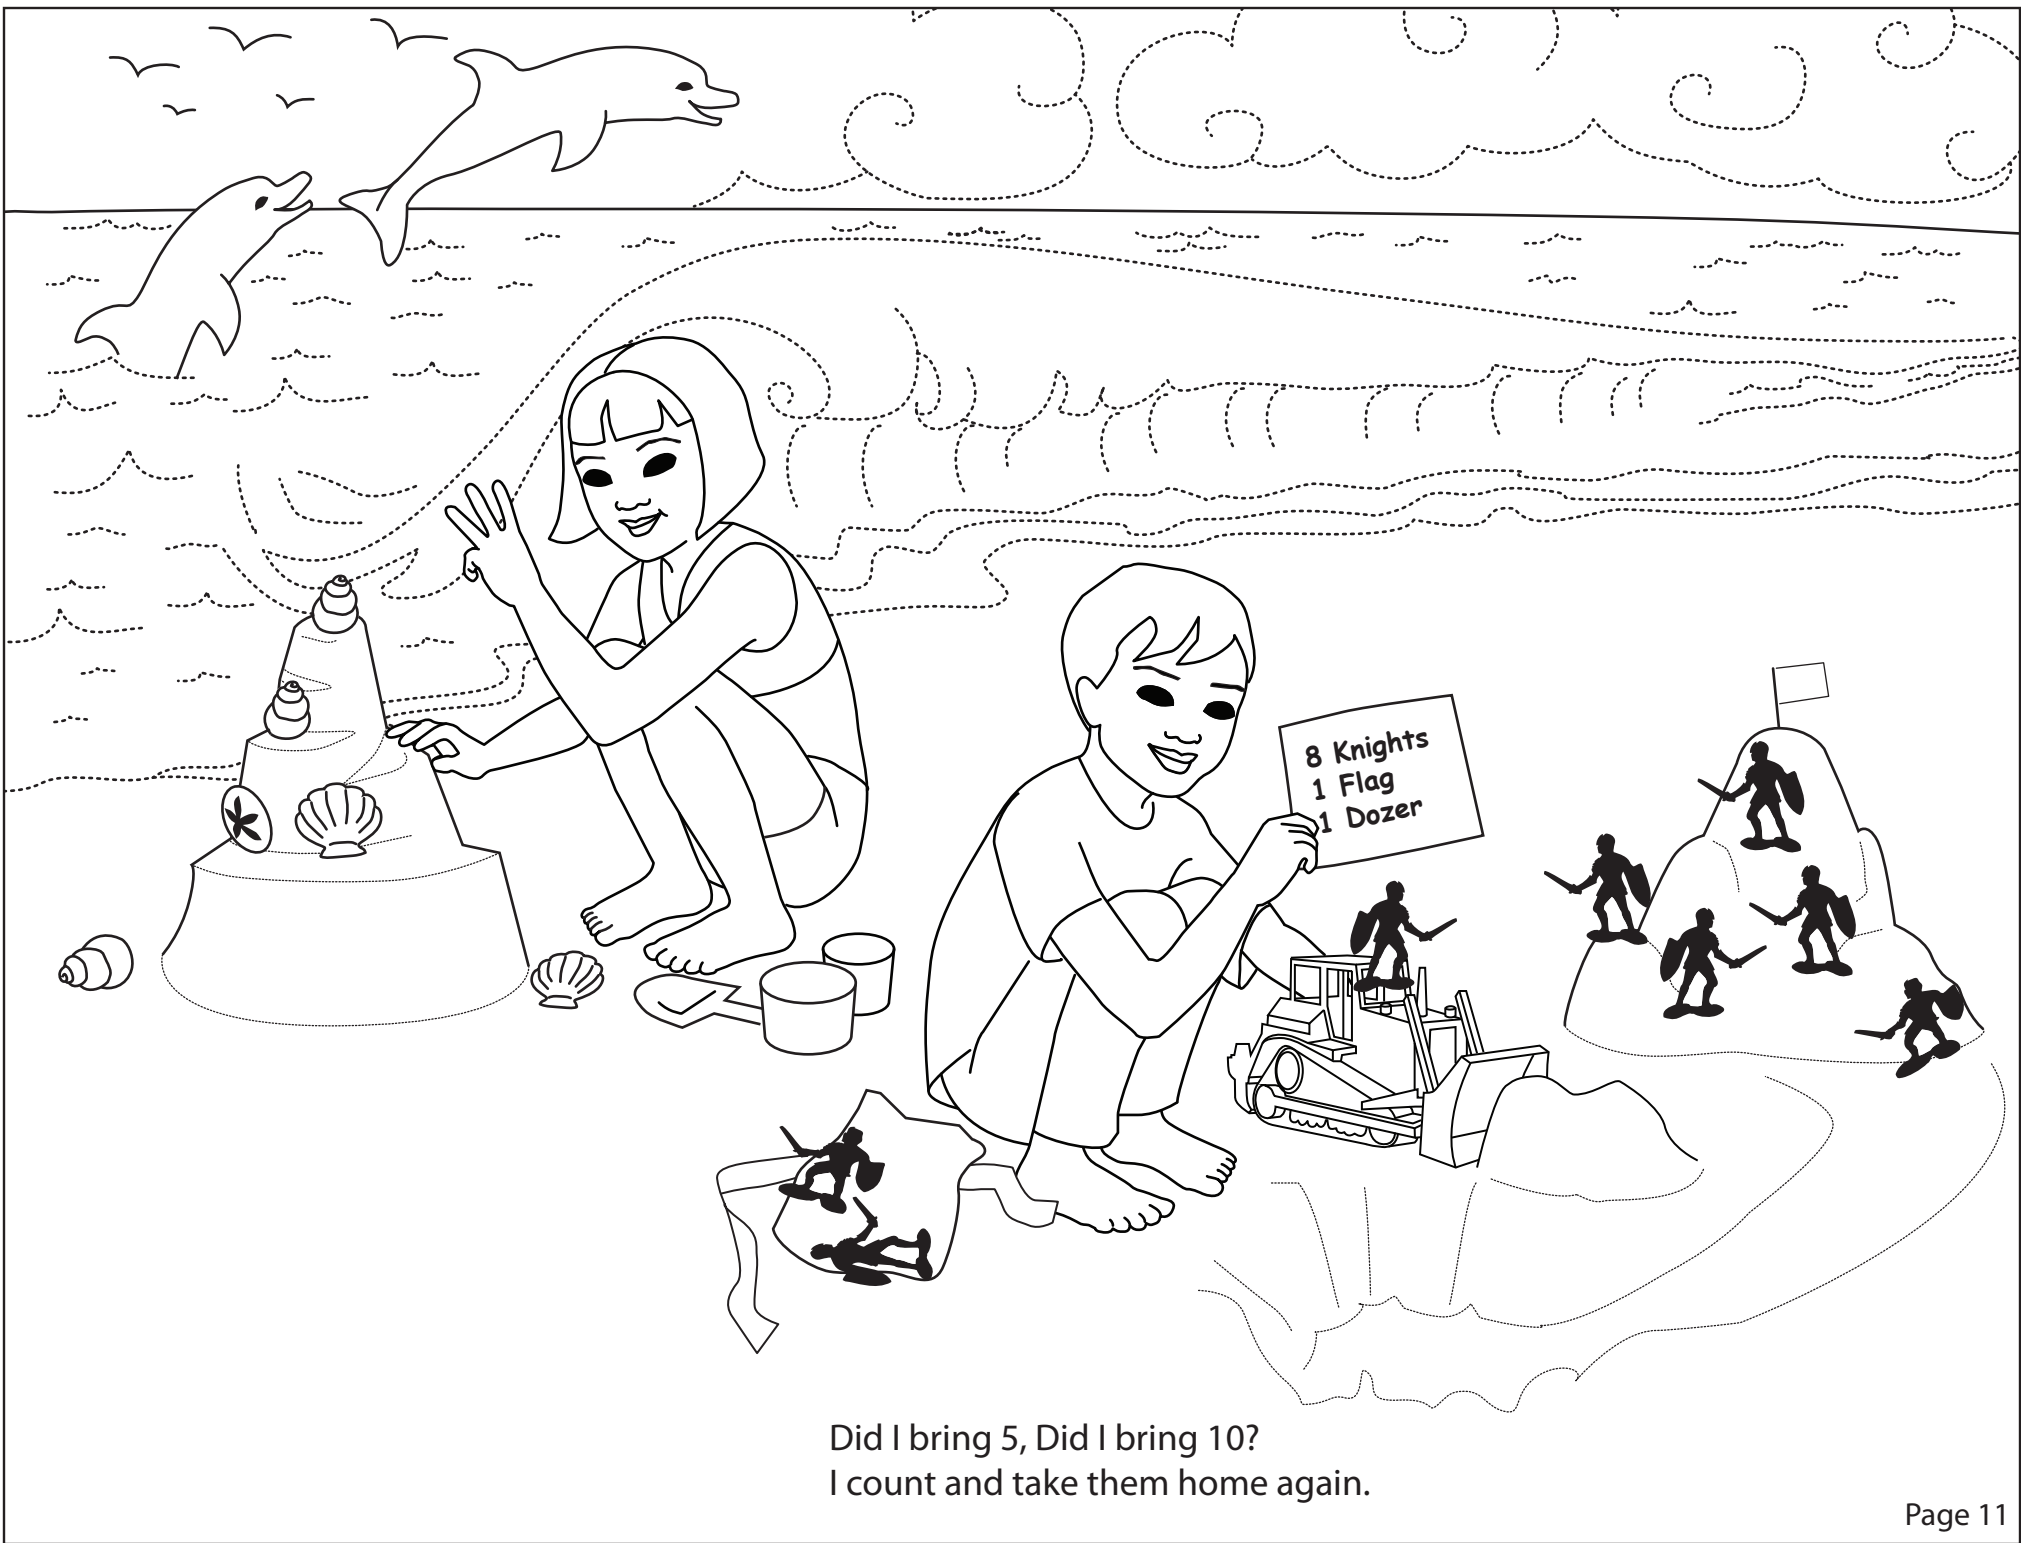

They don't belong deep in the sea
Where all my favorite fish will be

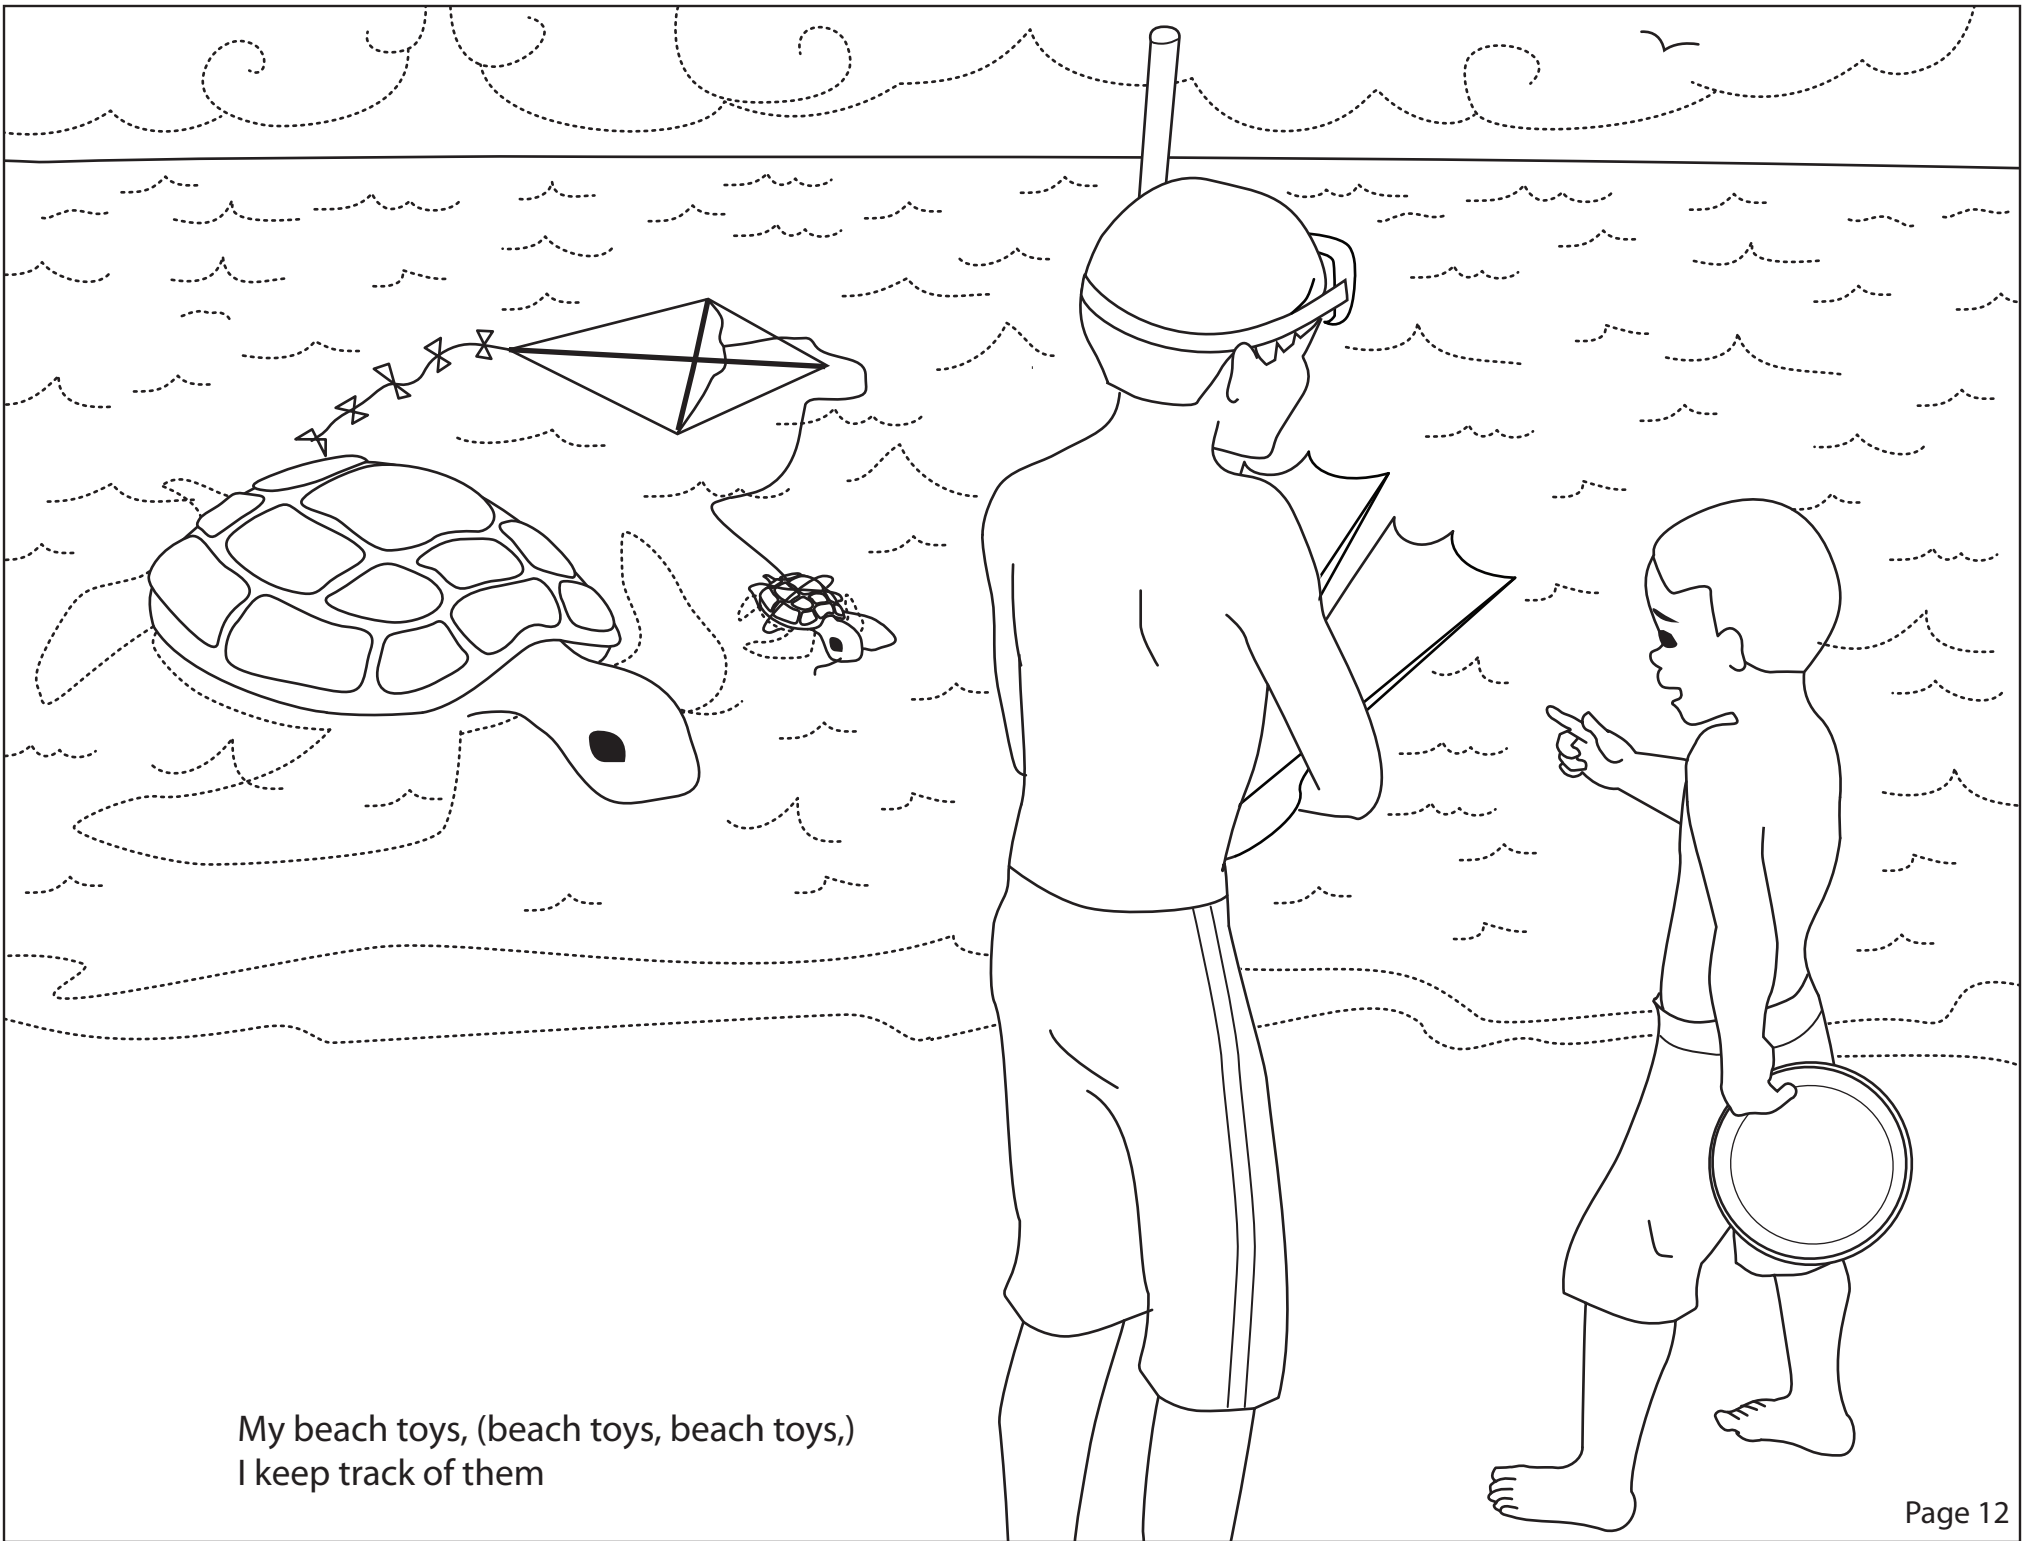

I love my beach toys (beach toys, beach toys, beach toys,)
I keep track of them!

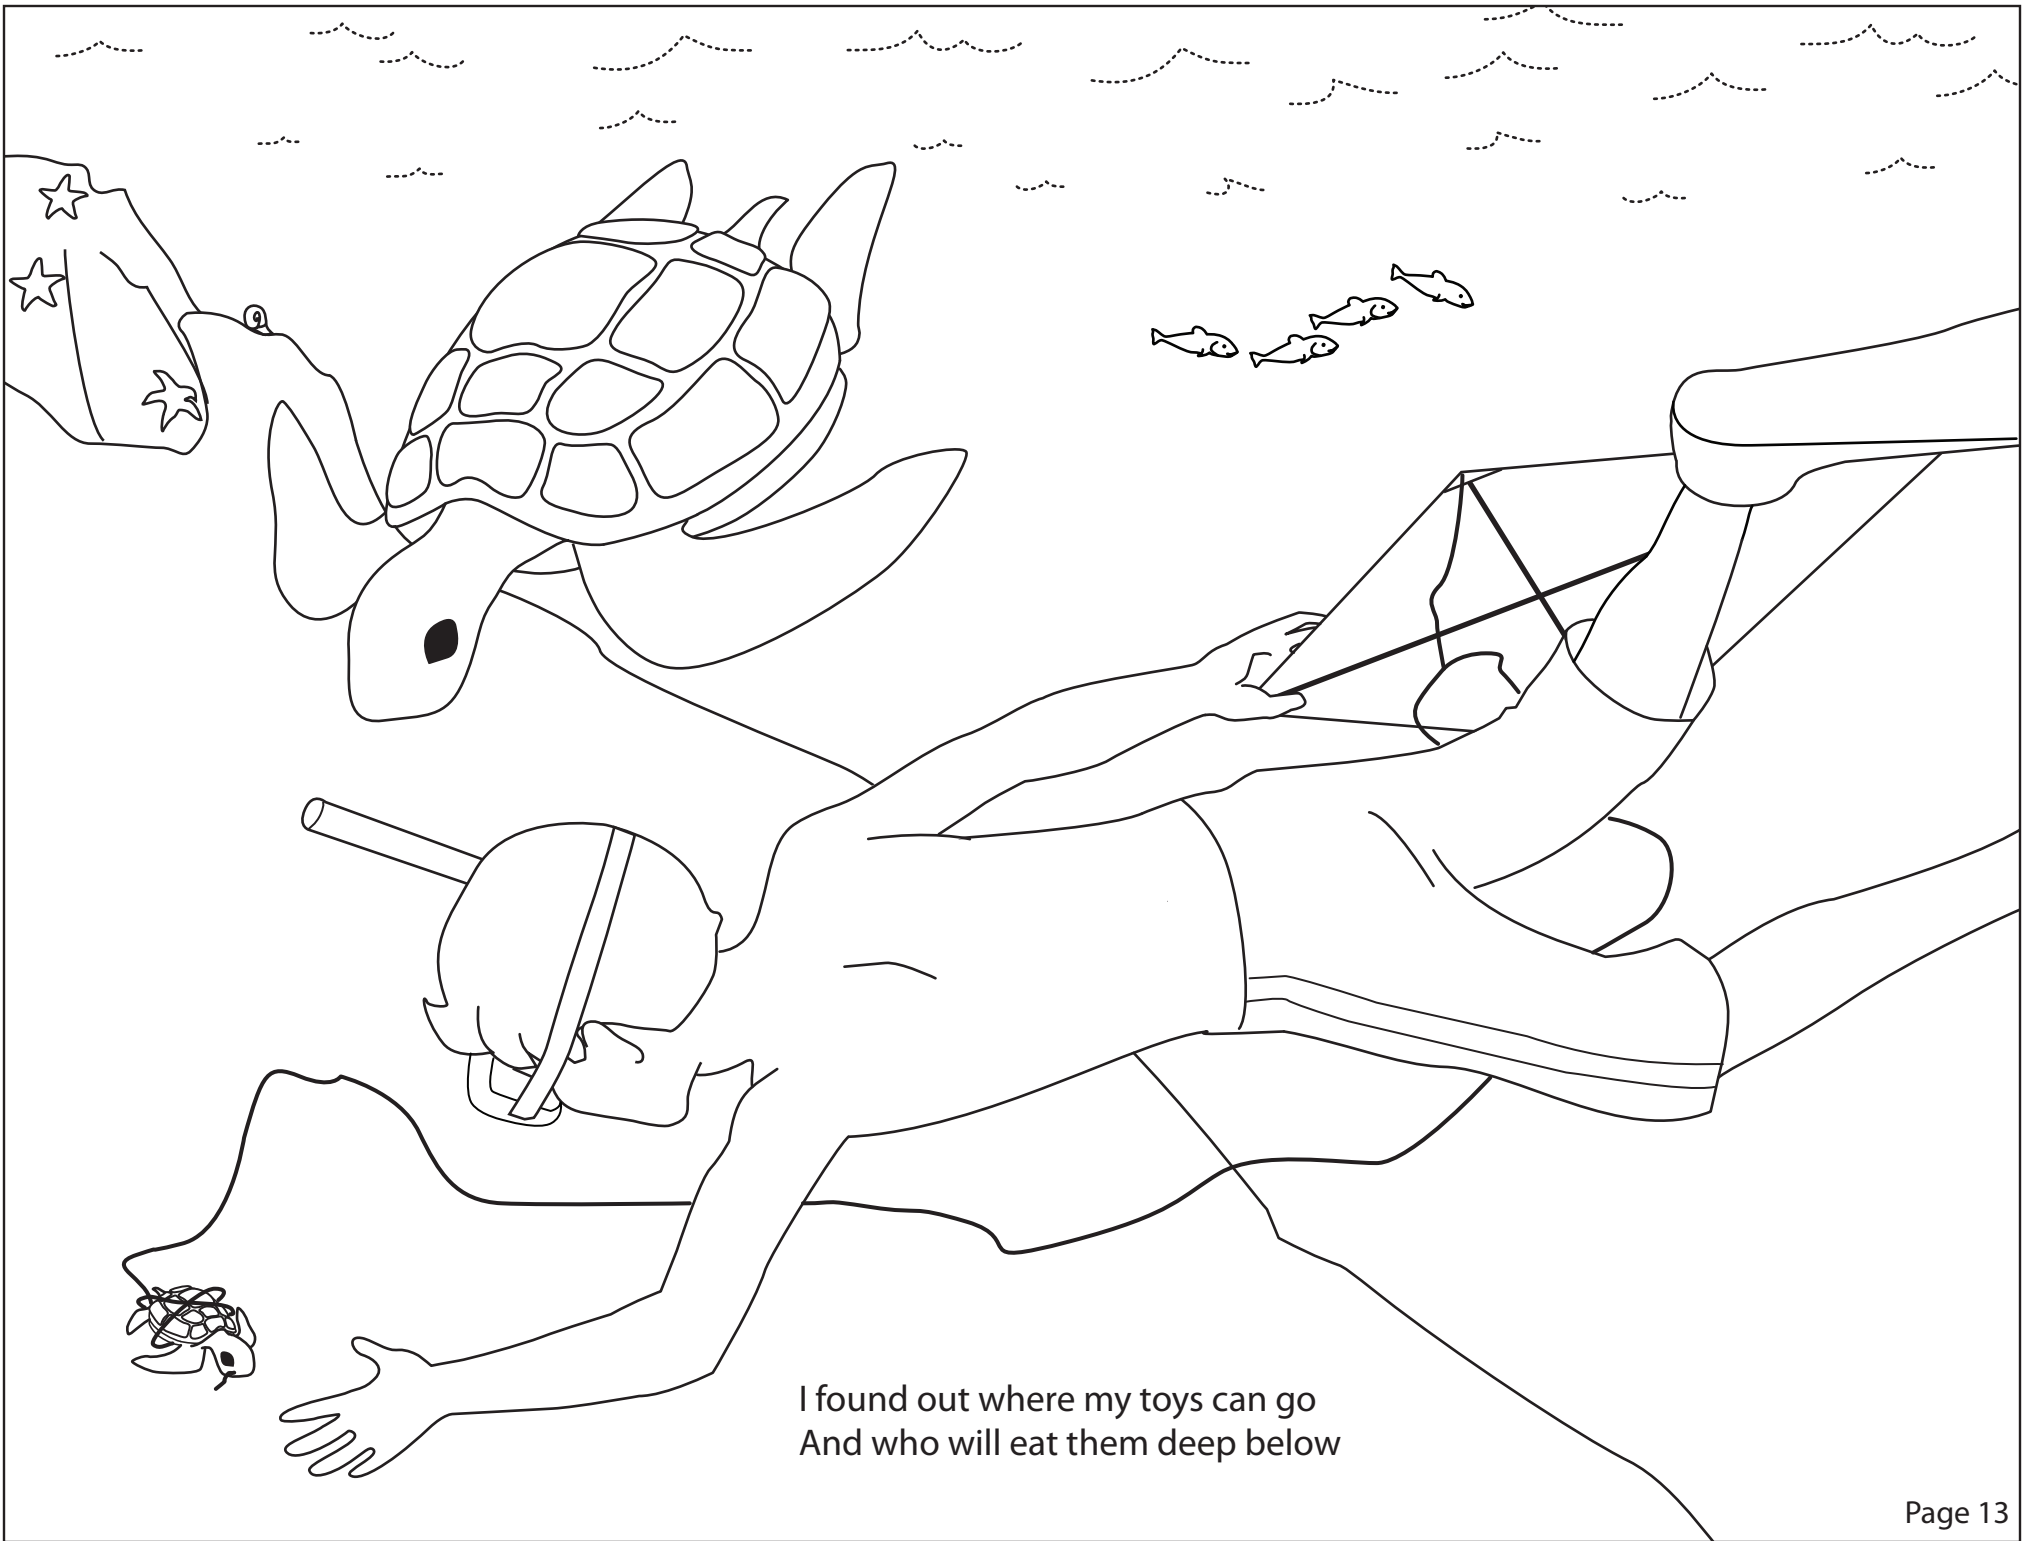

Where are my beach toys? (beach toys, beach toys)
Are they blowing in the wind?

Did I bring 5, Did I bring 10?
I count and take them home again.

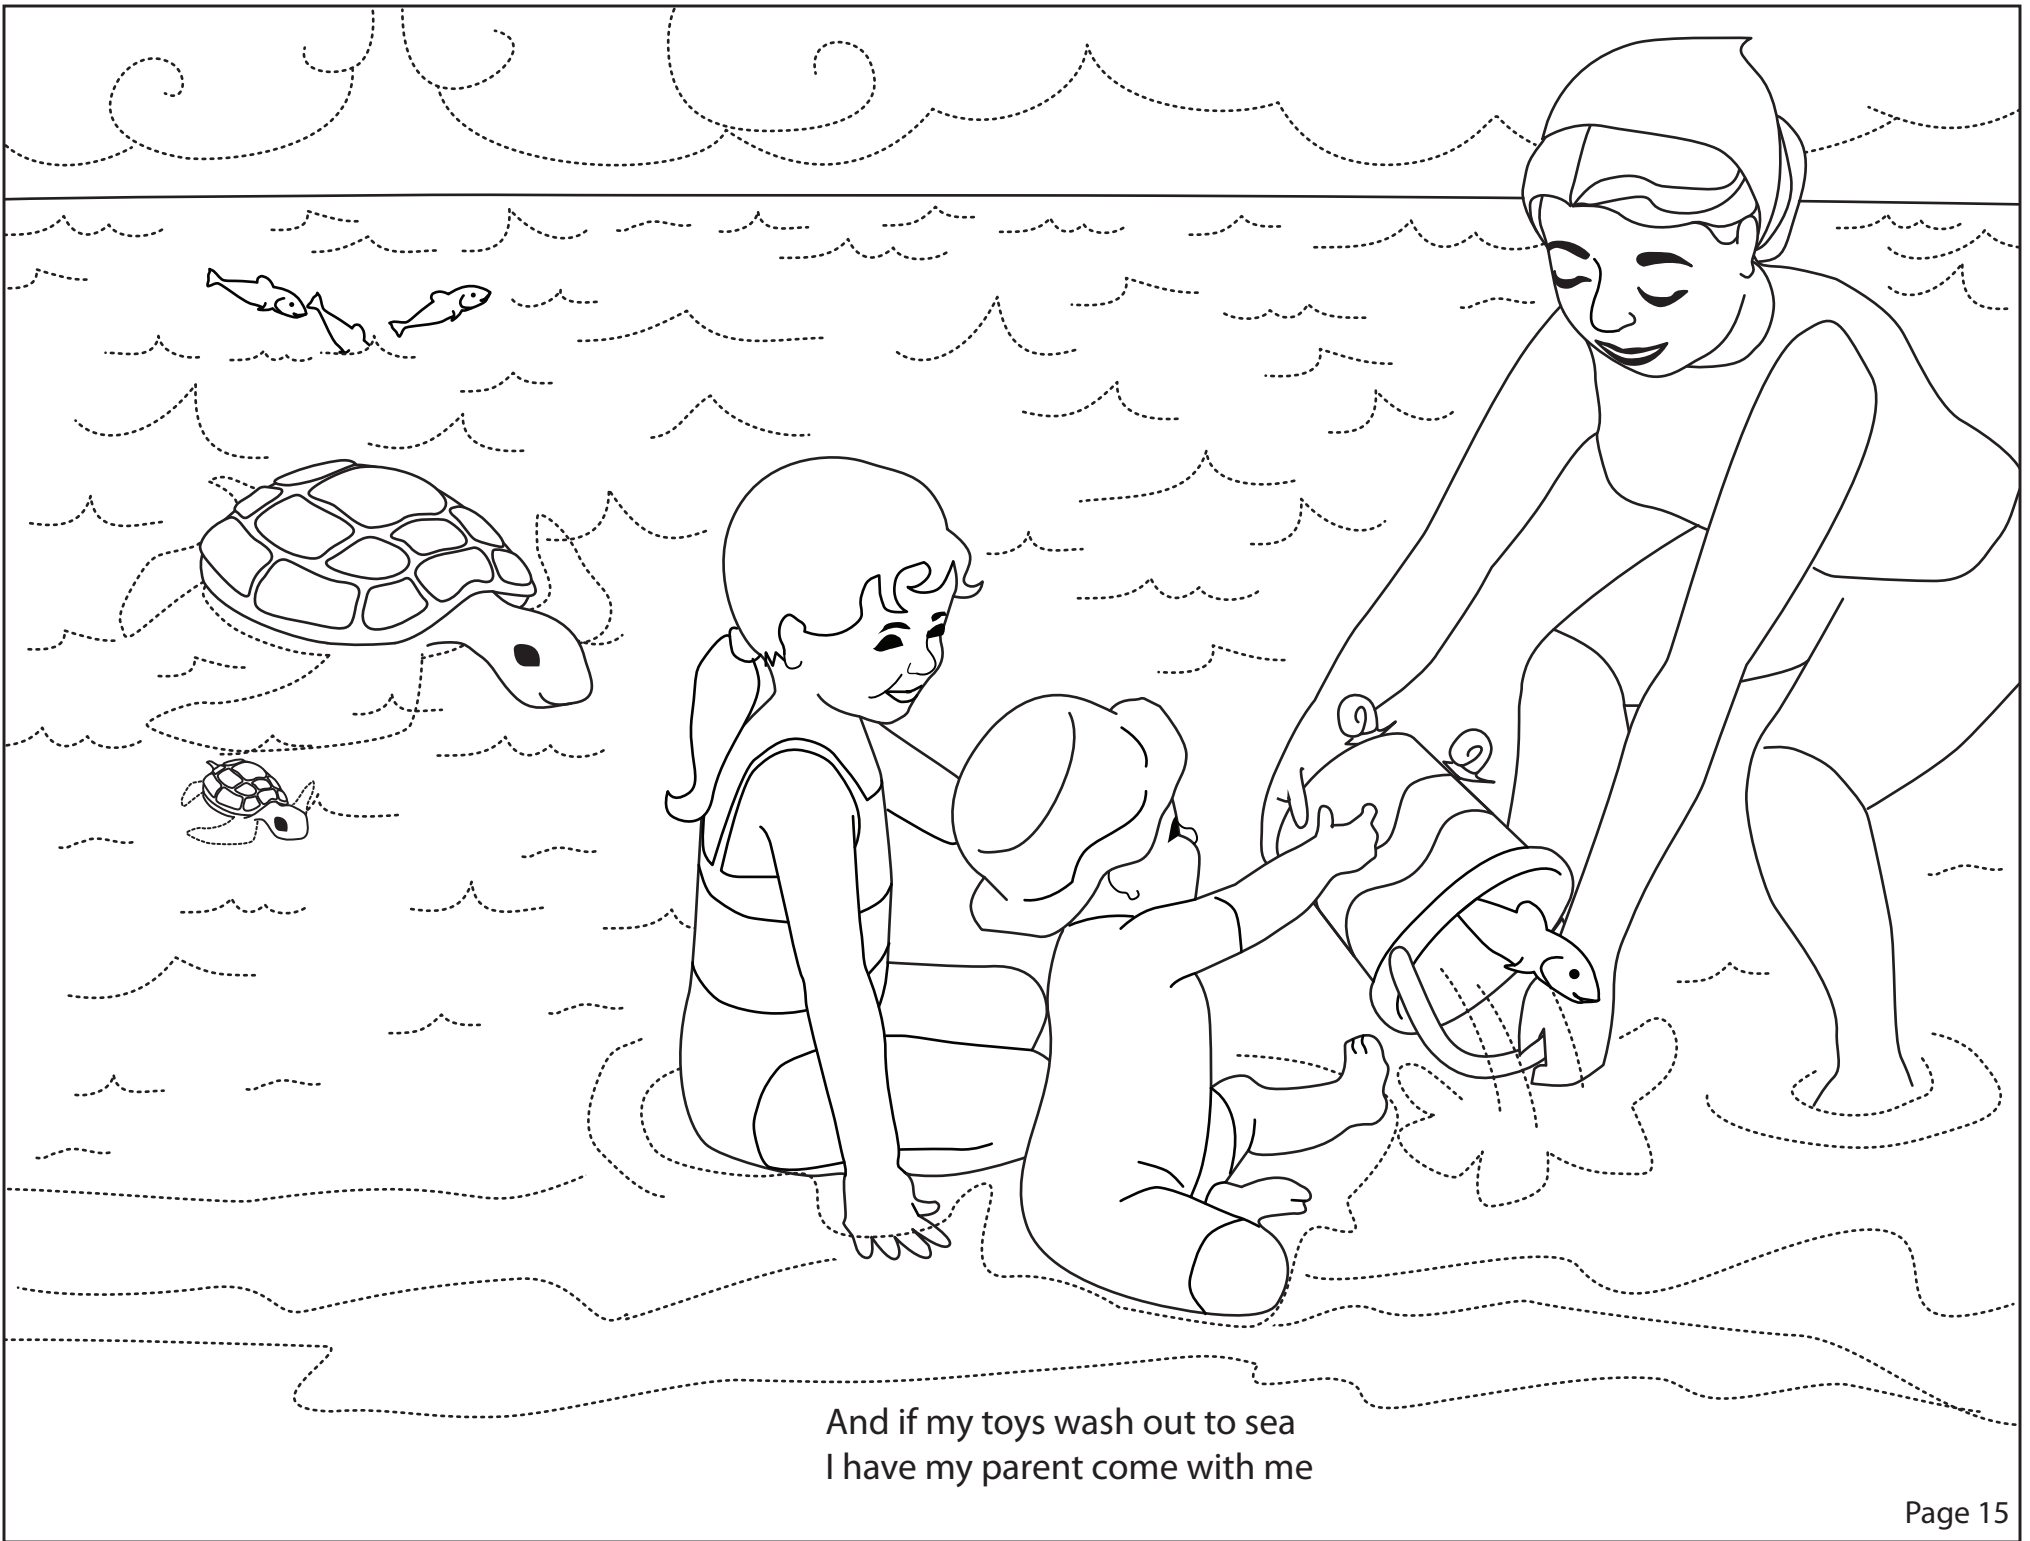

My beach toys, (beach toys, beach toys,) I keep track of them

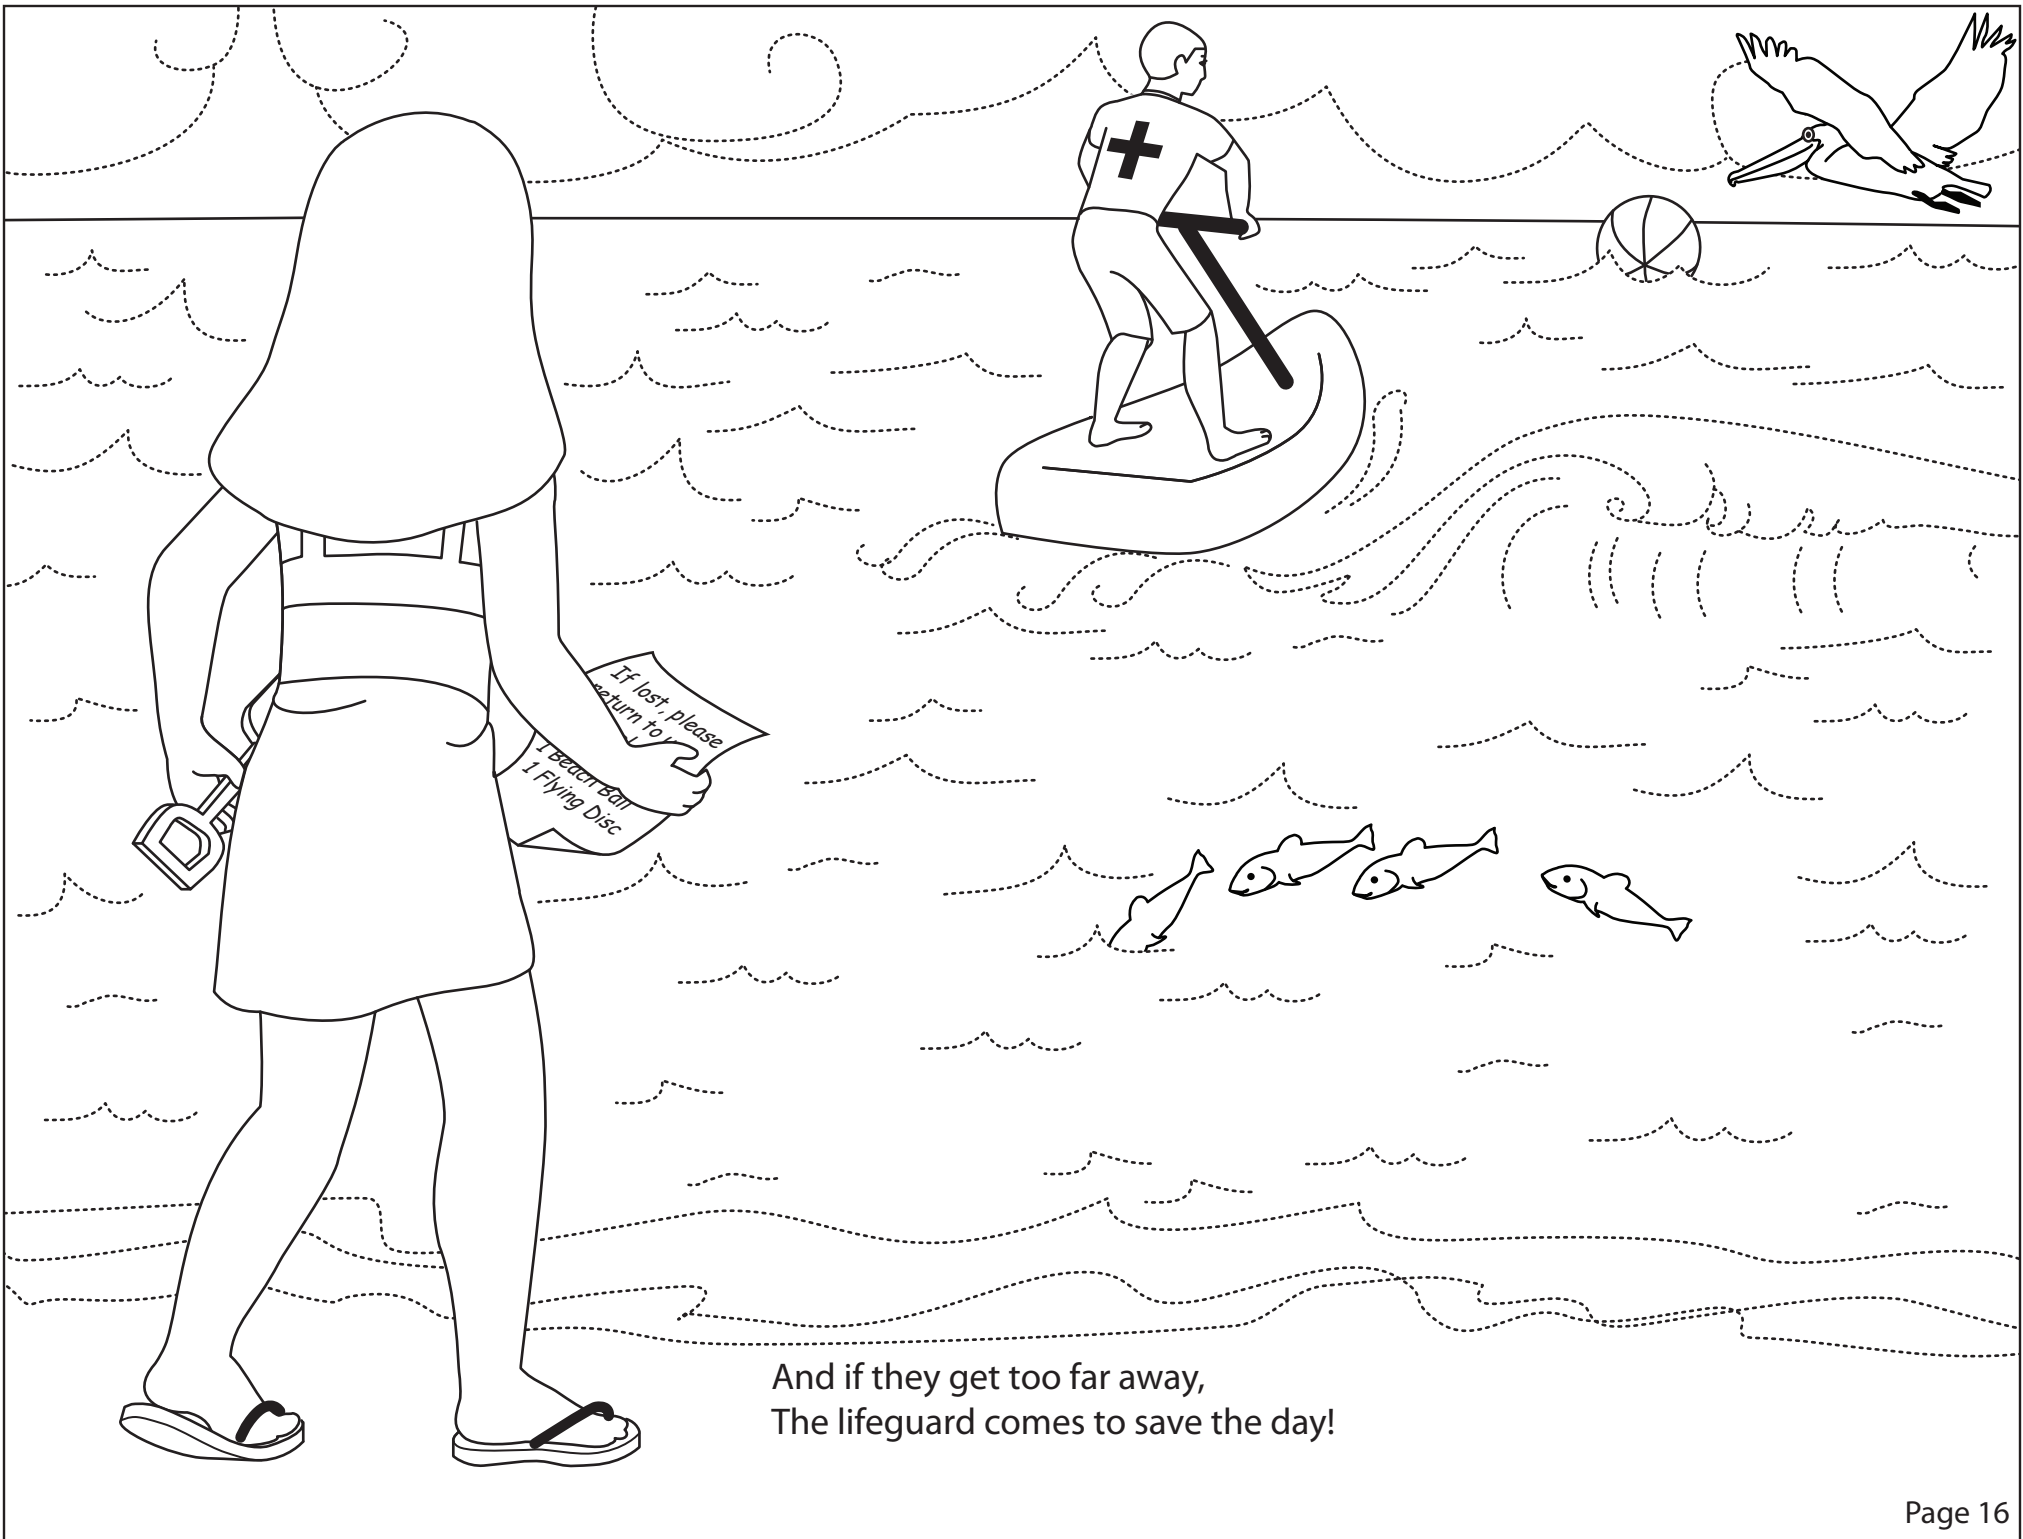

I found out where my toys can go
And who will eat them deep below

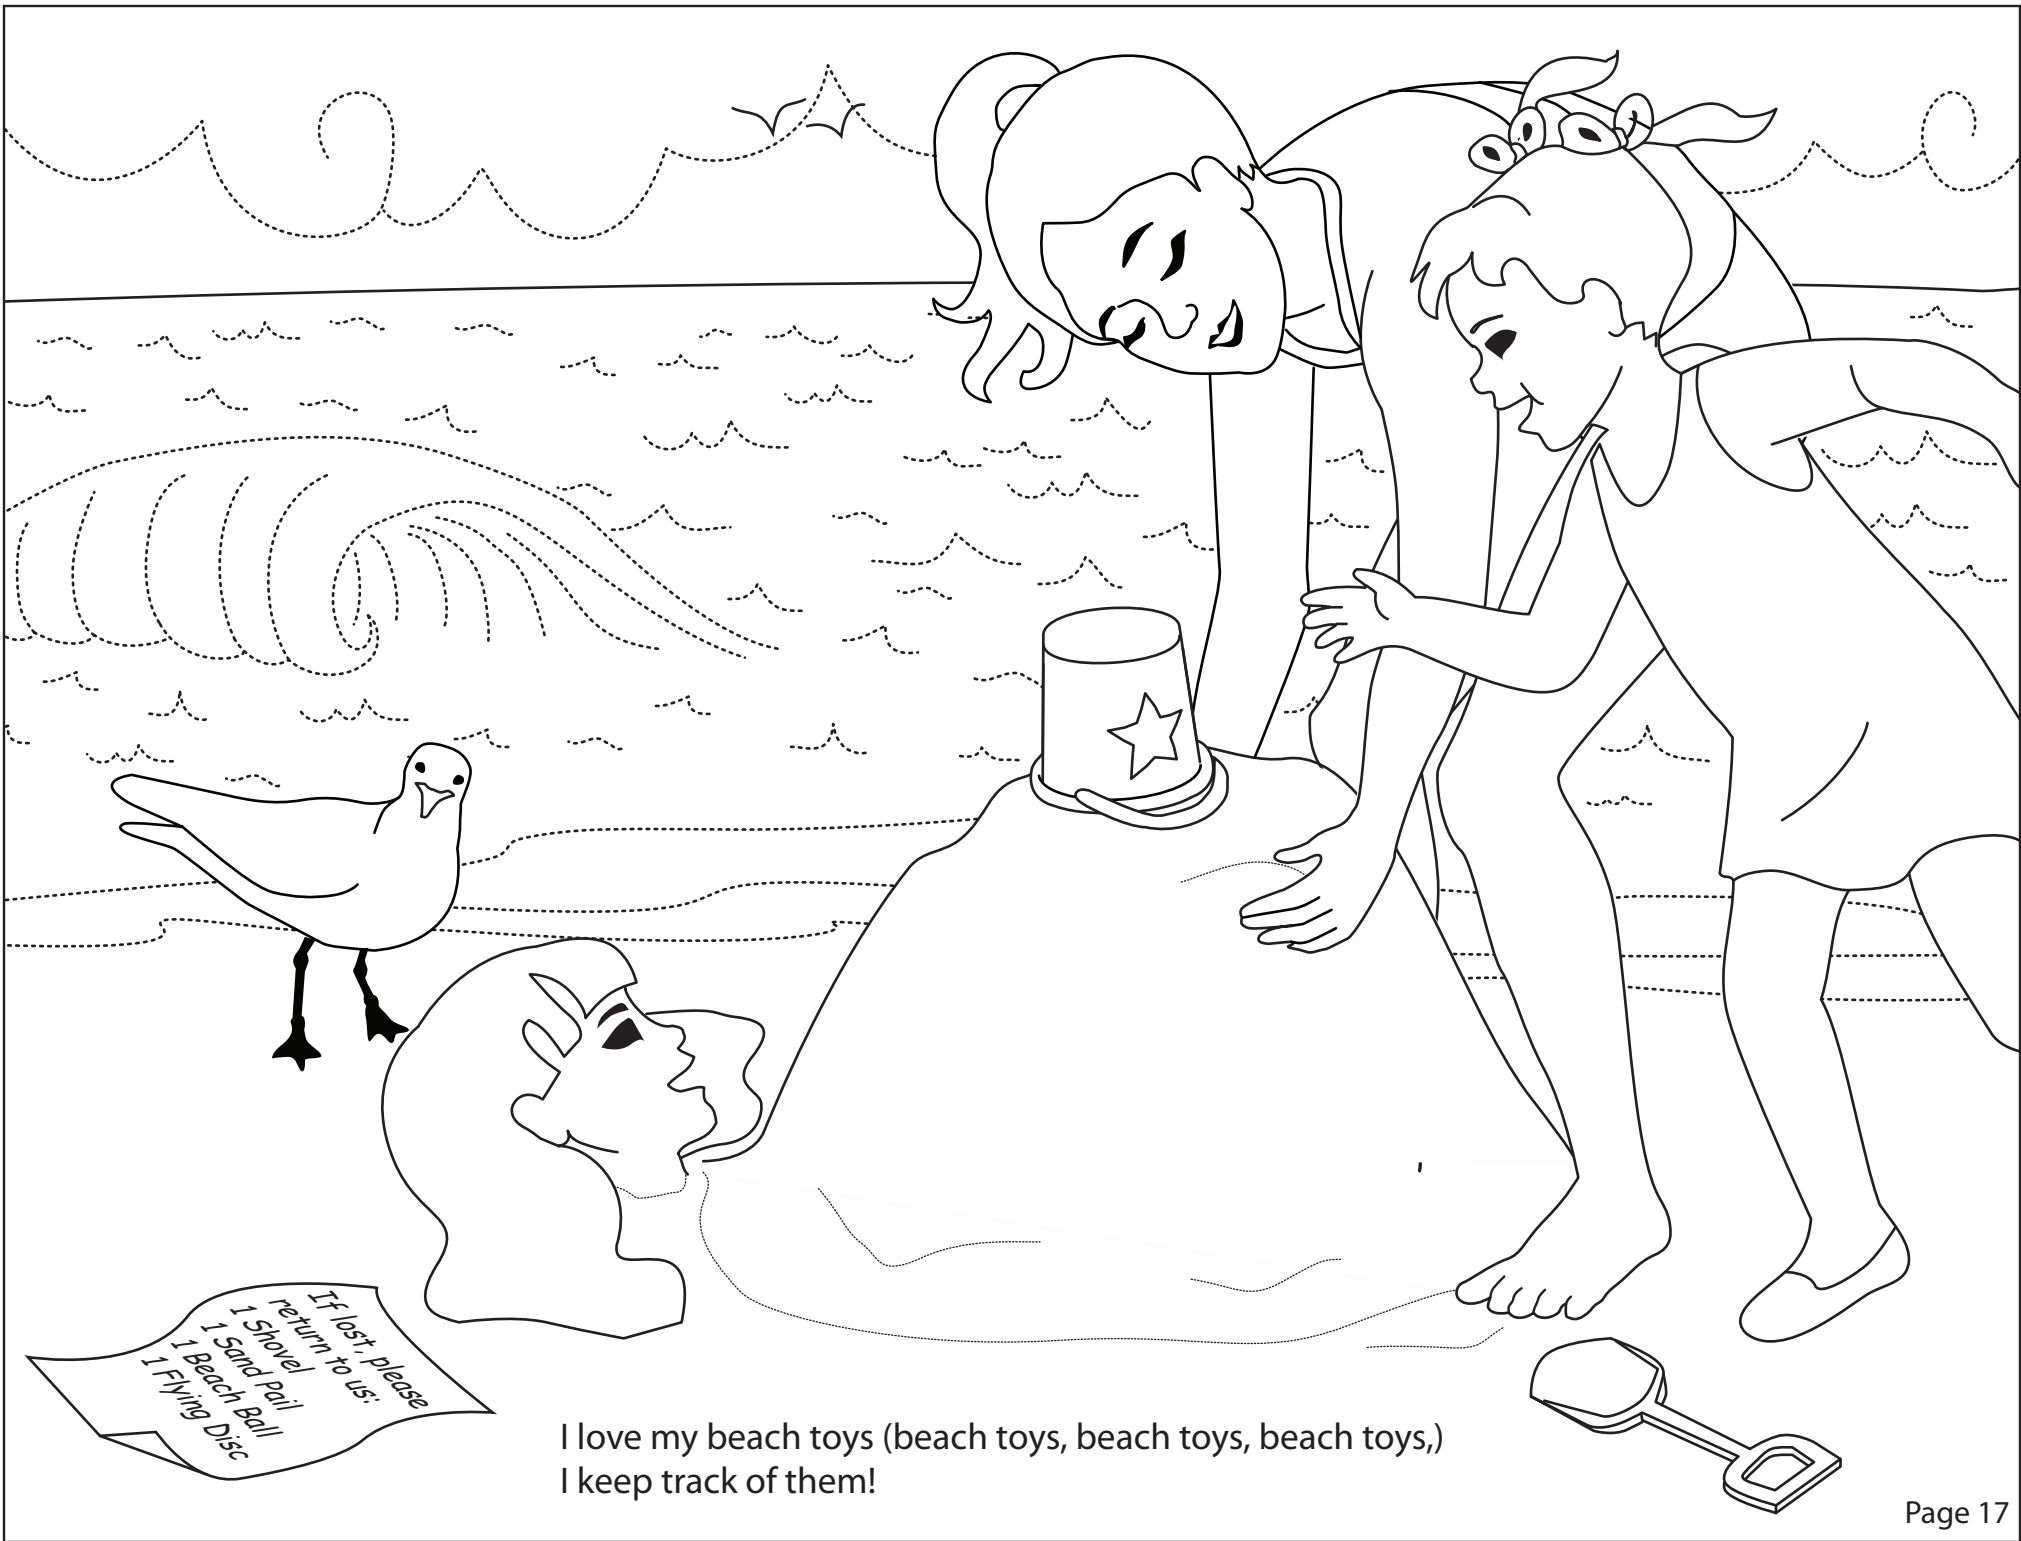

Eating toys can make them sick
So keeping track will do the trick

And if my toys wash out to sea
I have my parent come with me

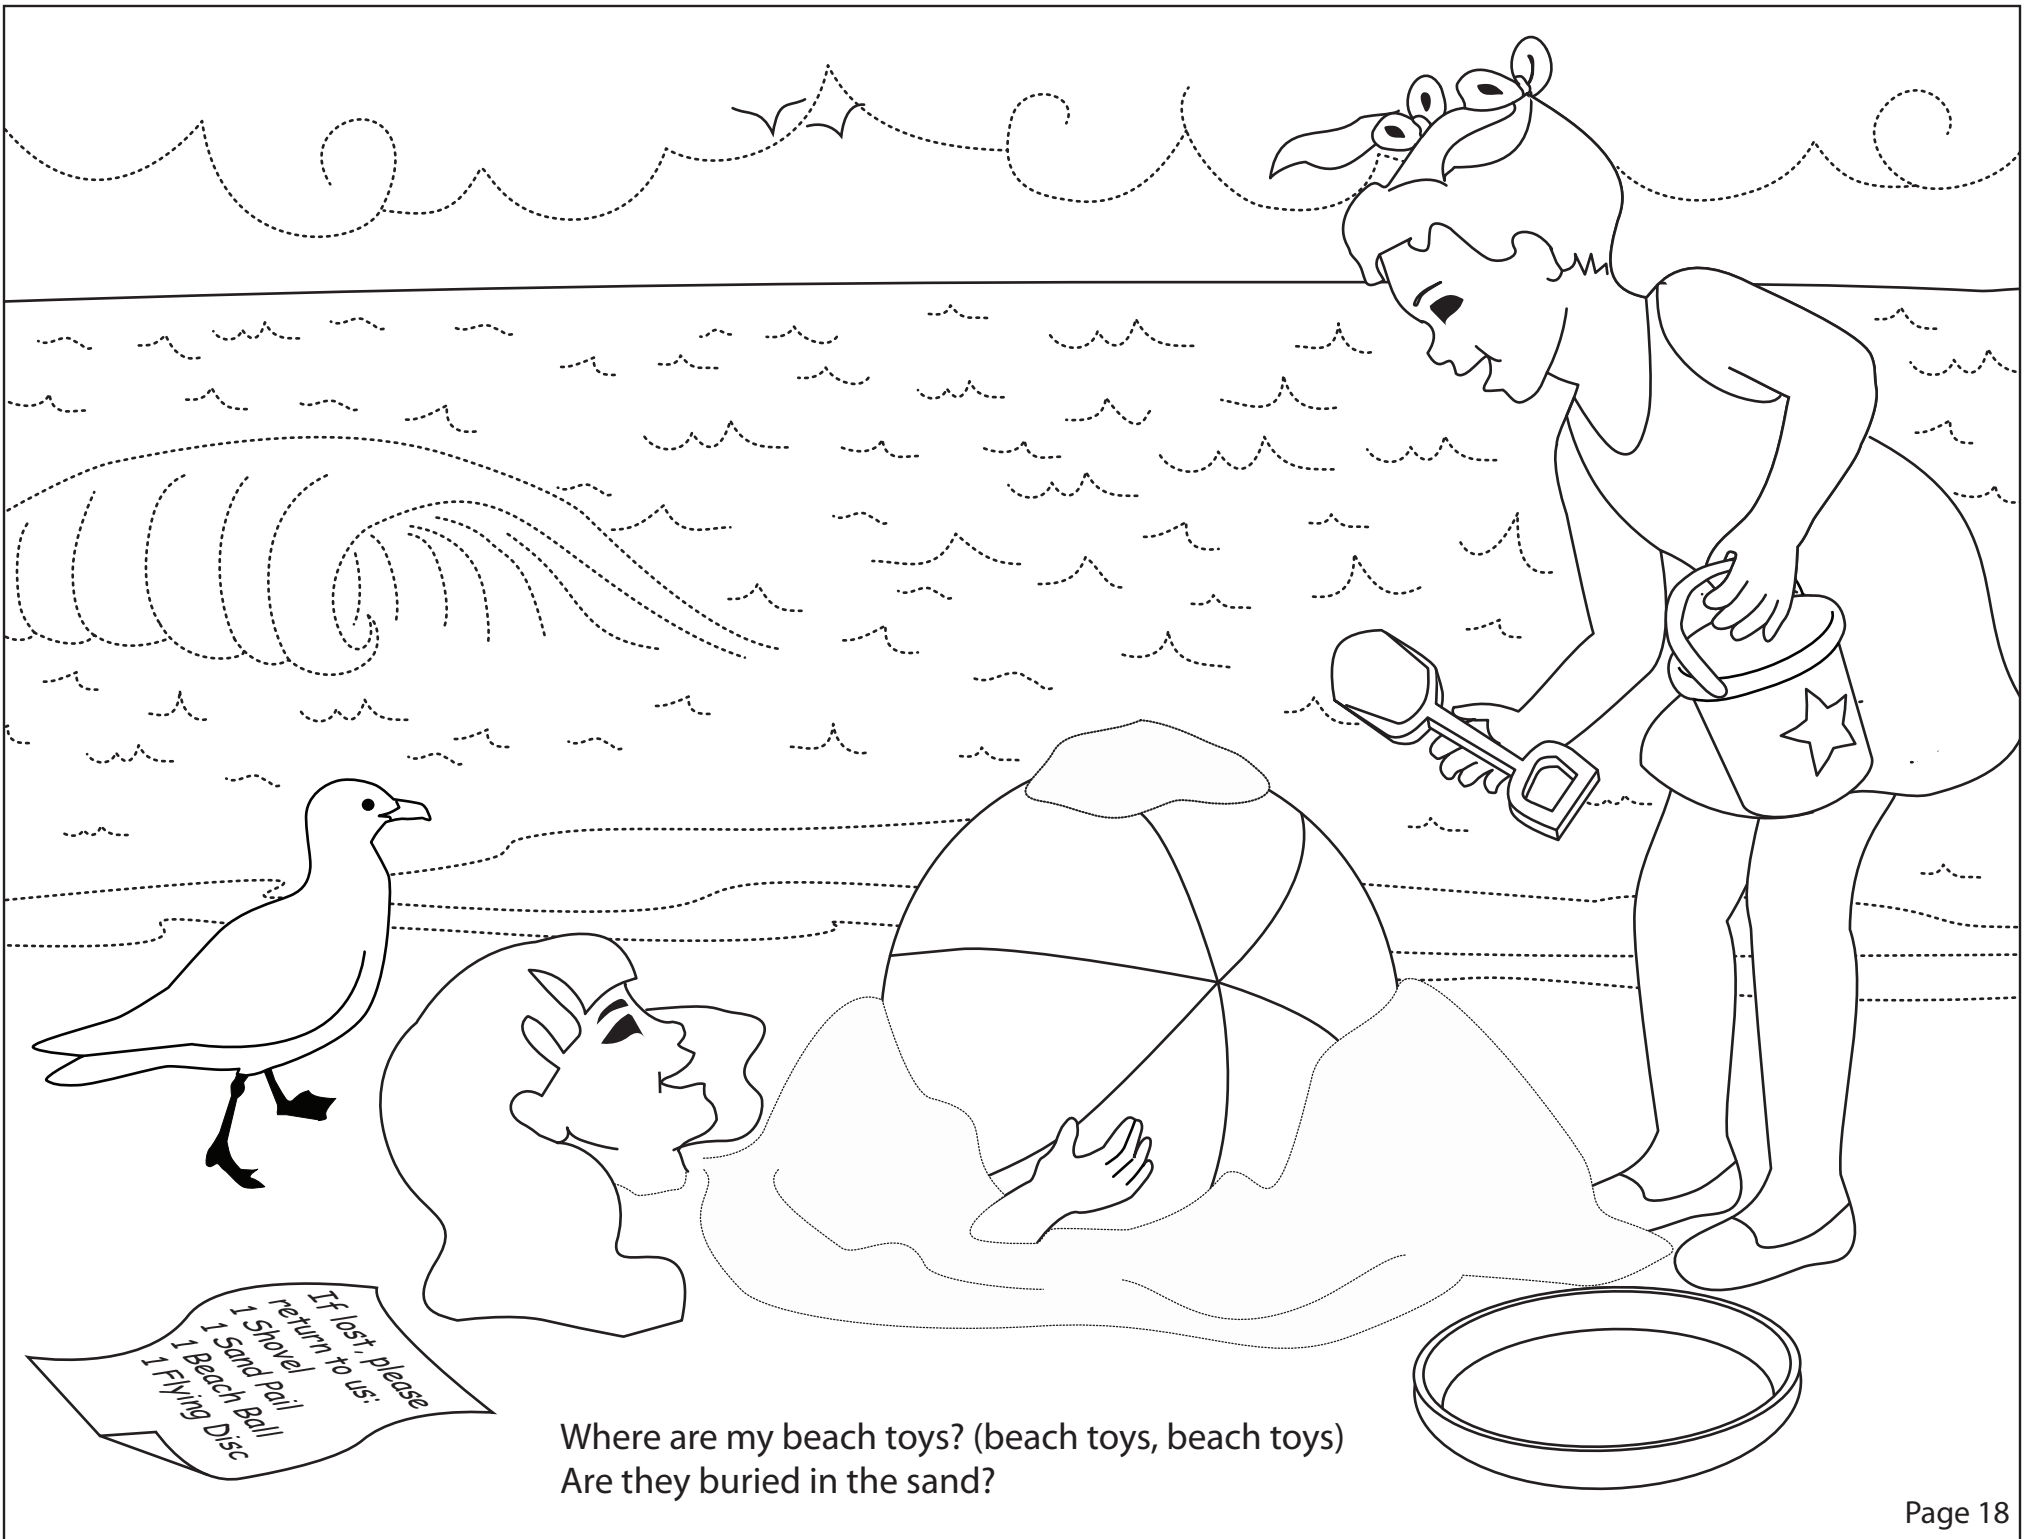

And if they get too far away,
The lifeguard comes to save the day!

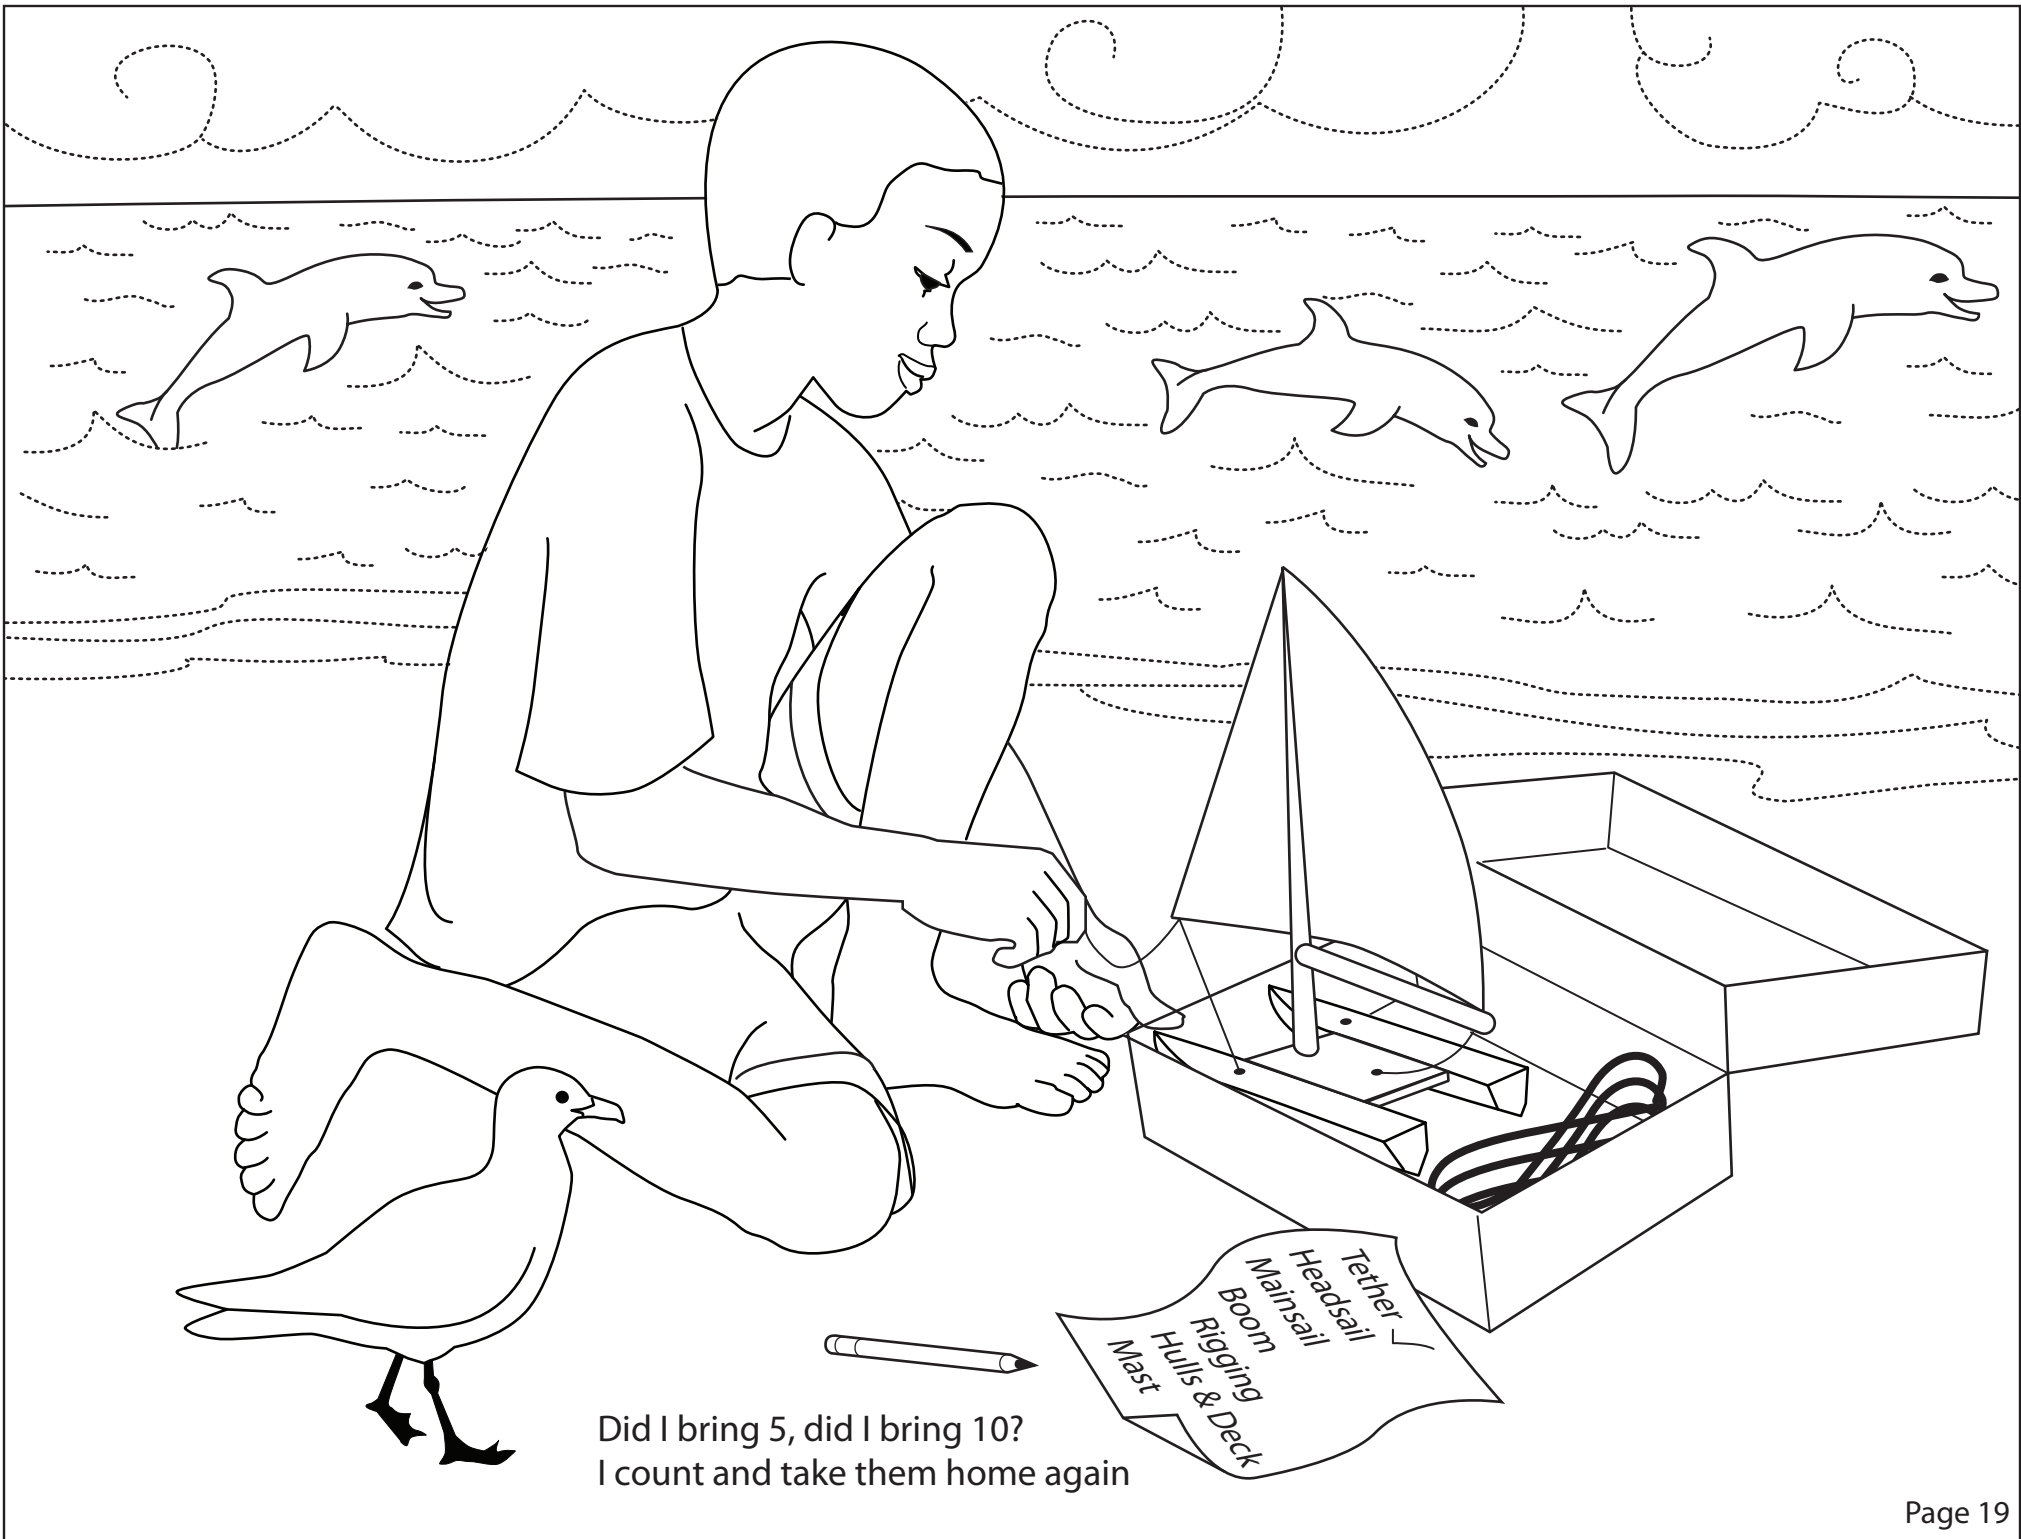

If lost, please
return to us:
1 Shovel
1 Sand Pail
1 Beach Ball
1 Flying Disc

I love my beach toys (beach toys, beach toys, beach toys,)
I keep track of them!

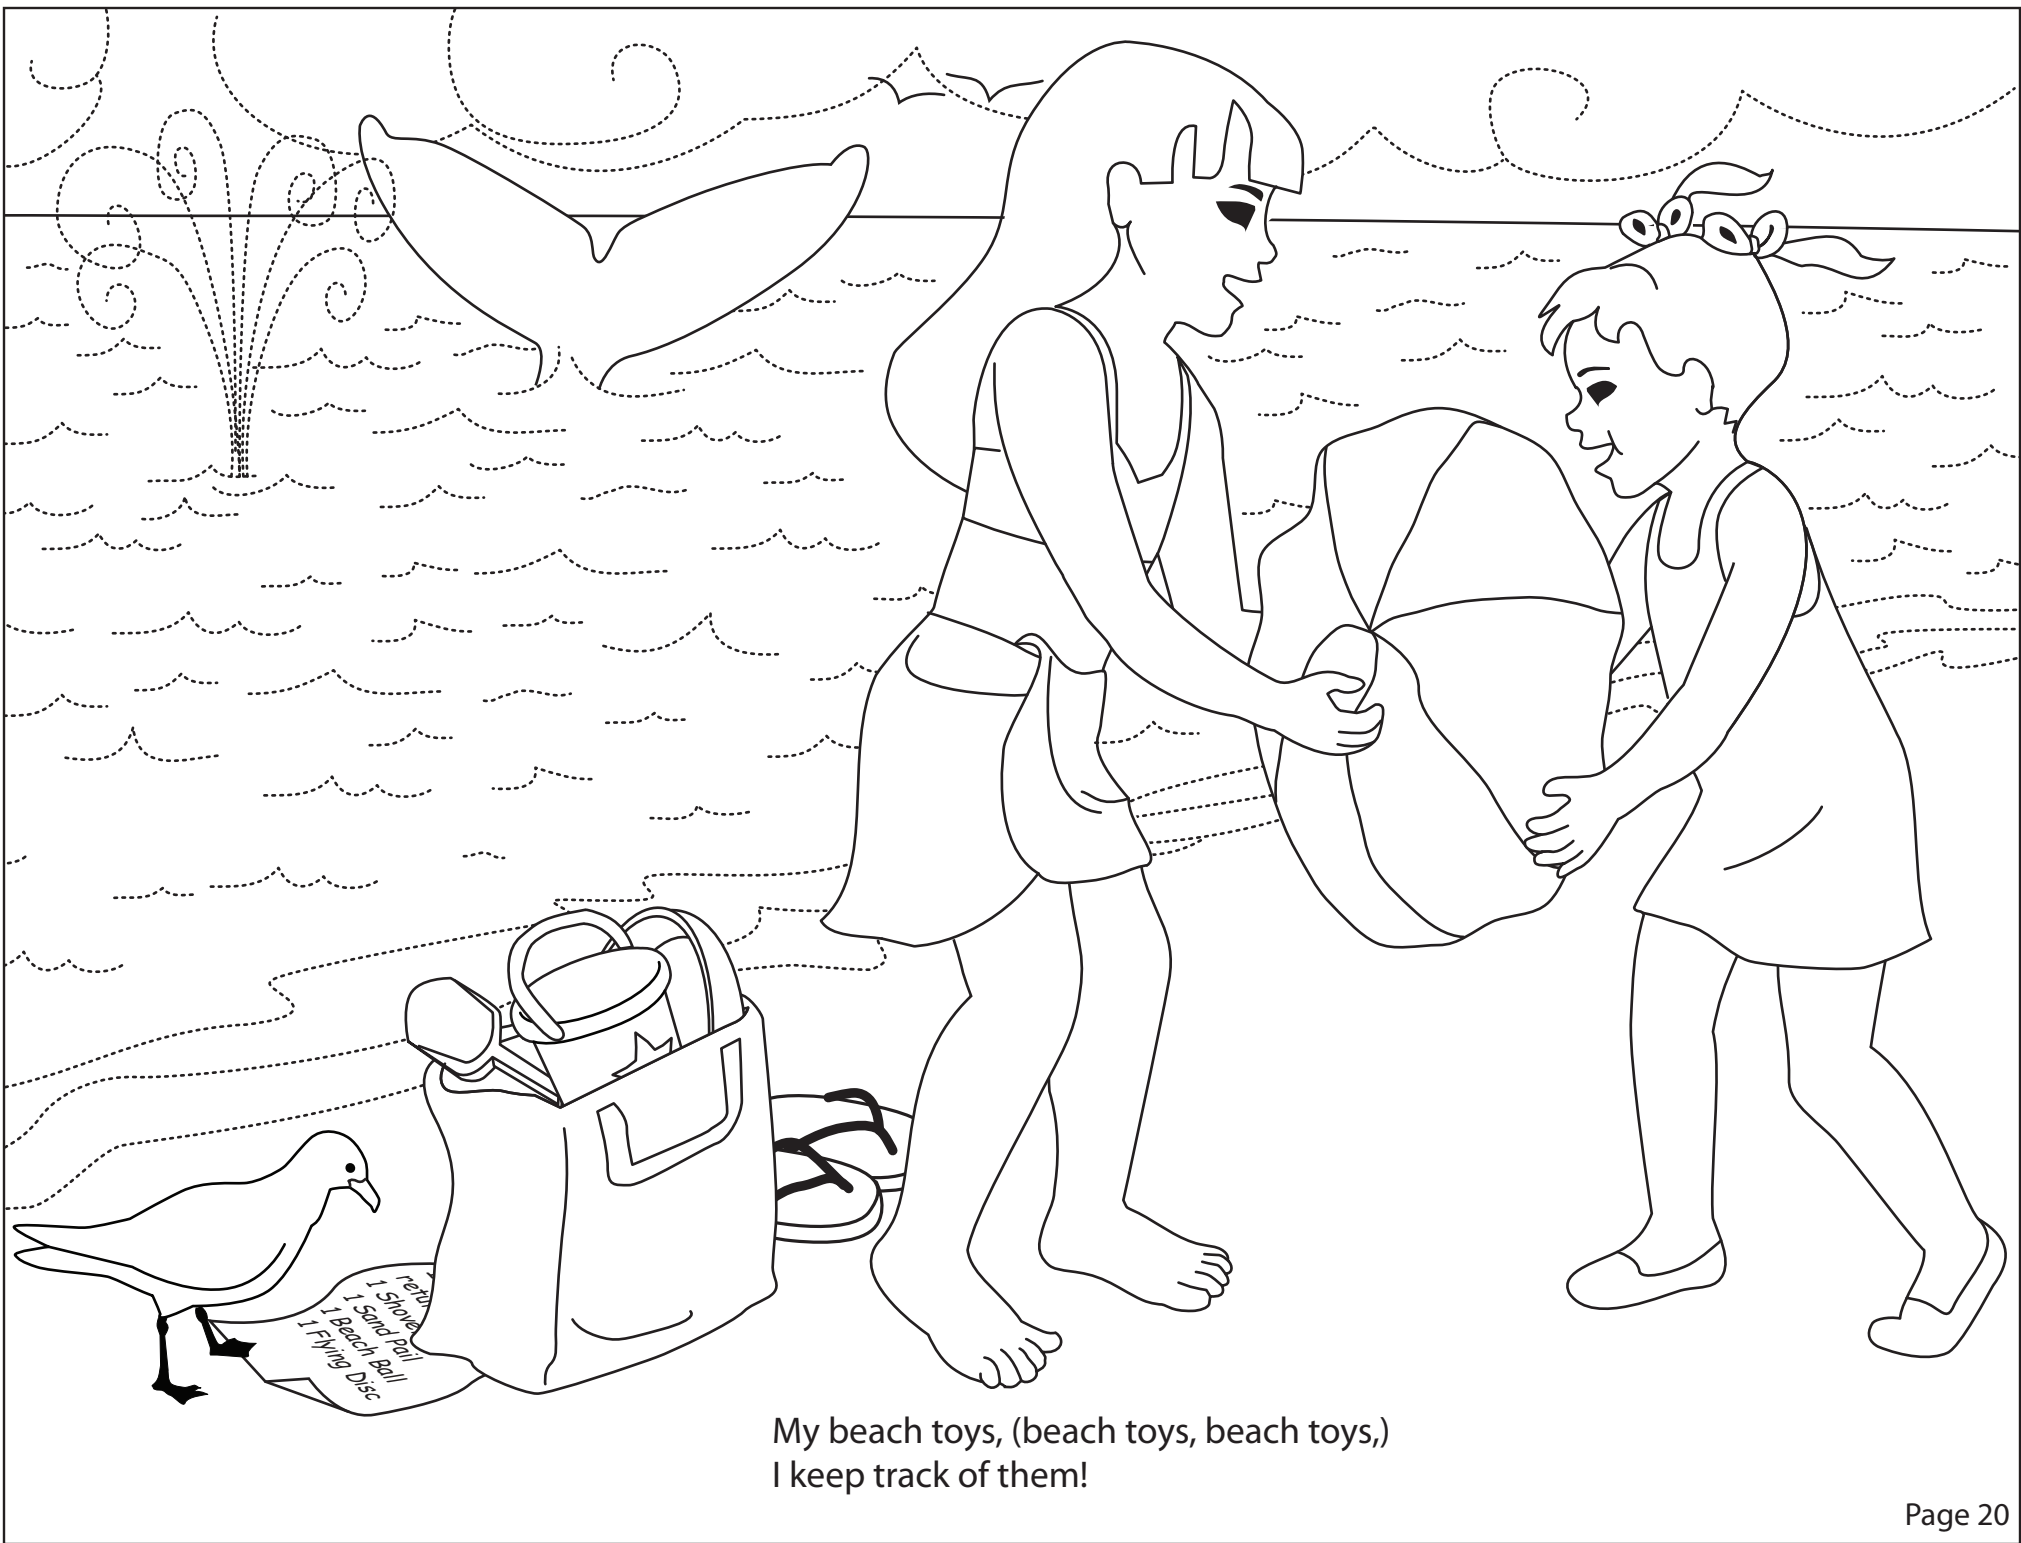

If lost, please
return to us:
1 Shovel
1 Sand Pail
1 Beach Ball
1 Flying Disc

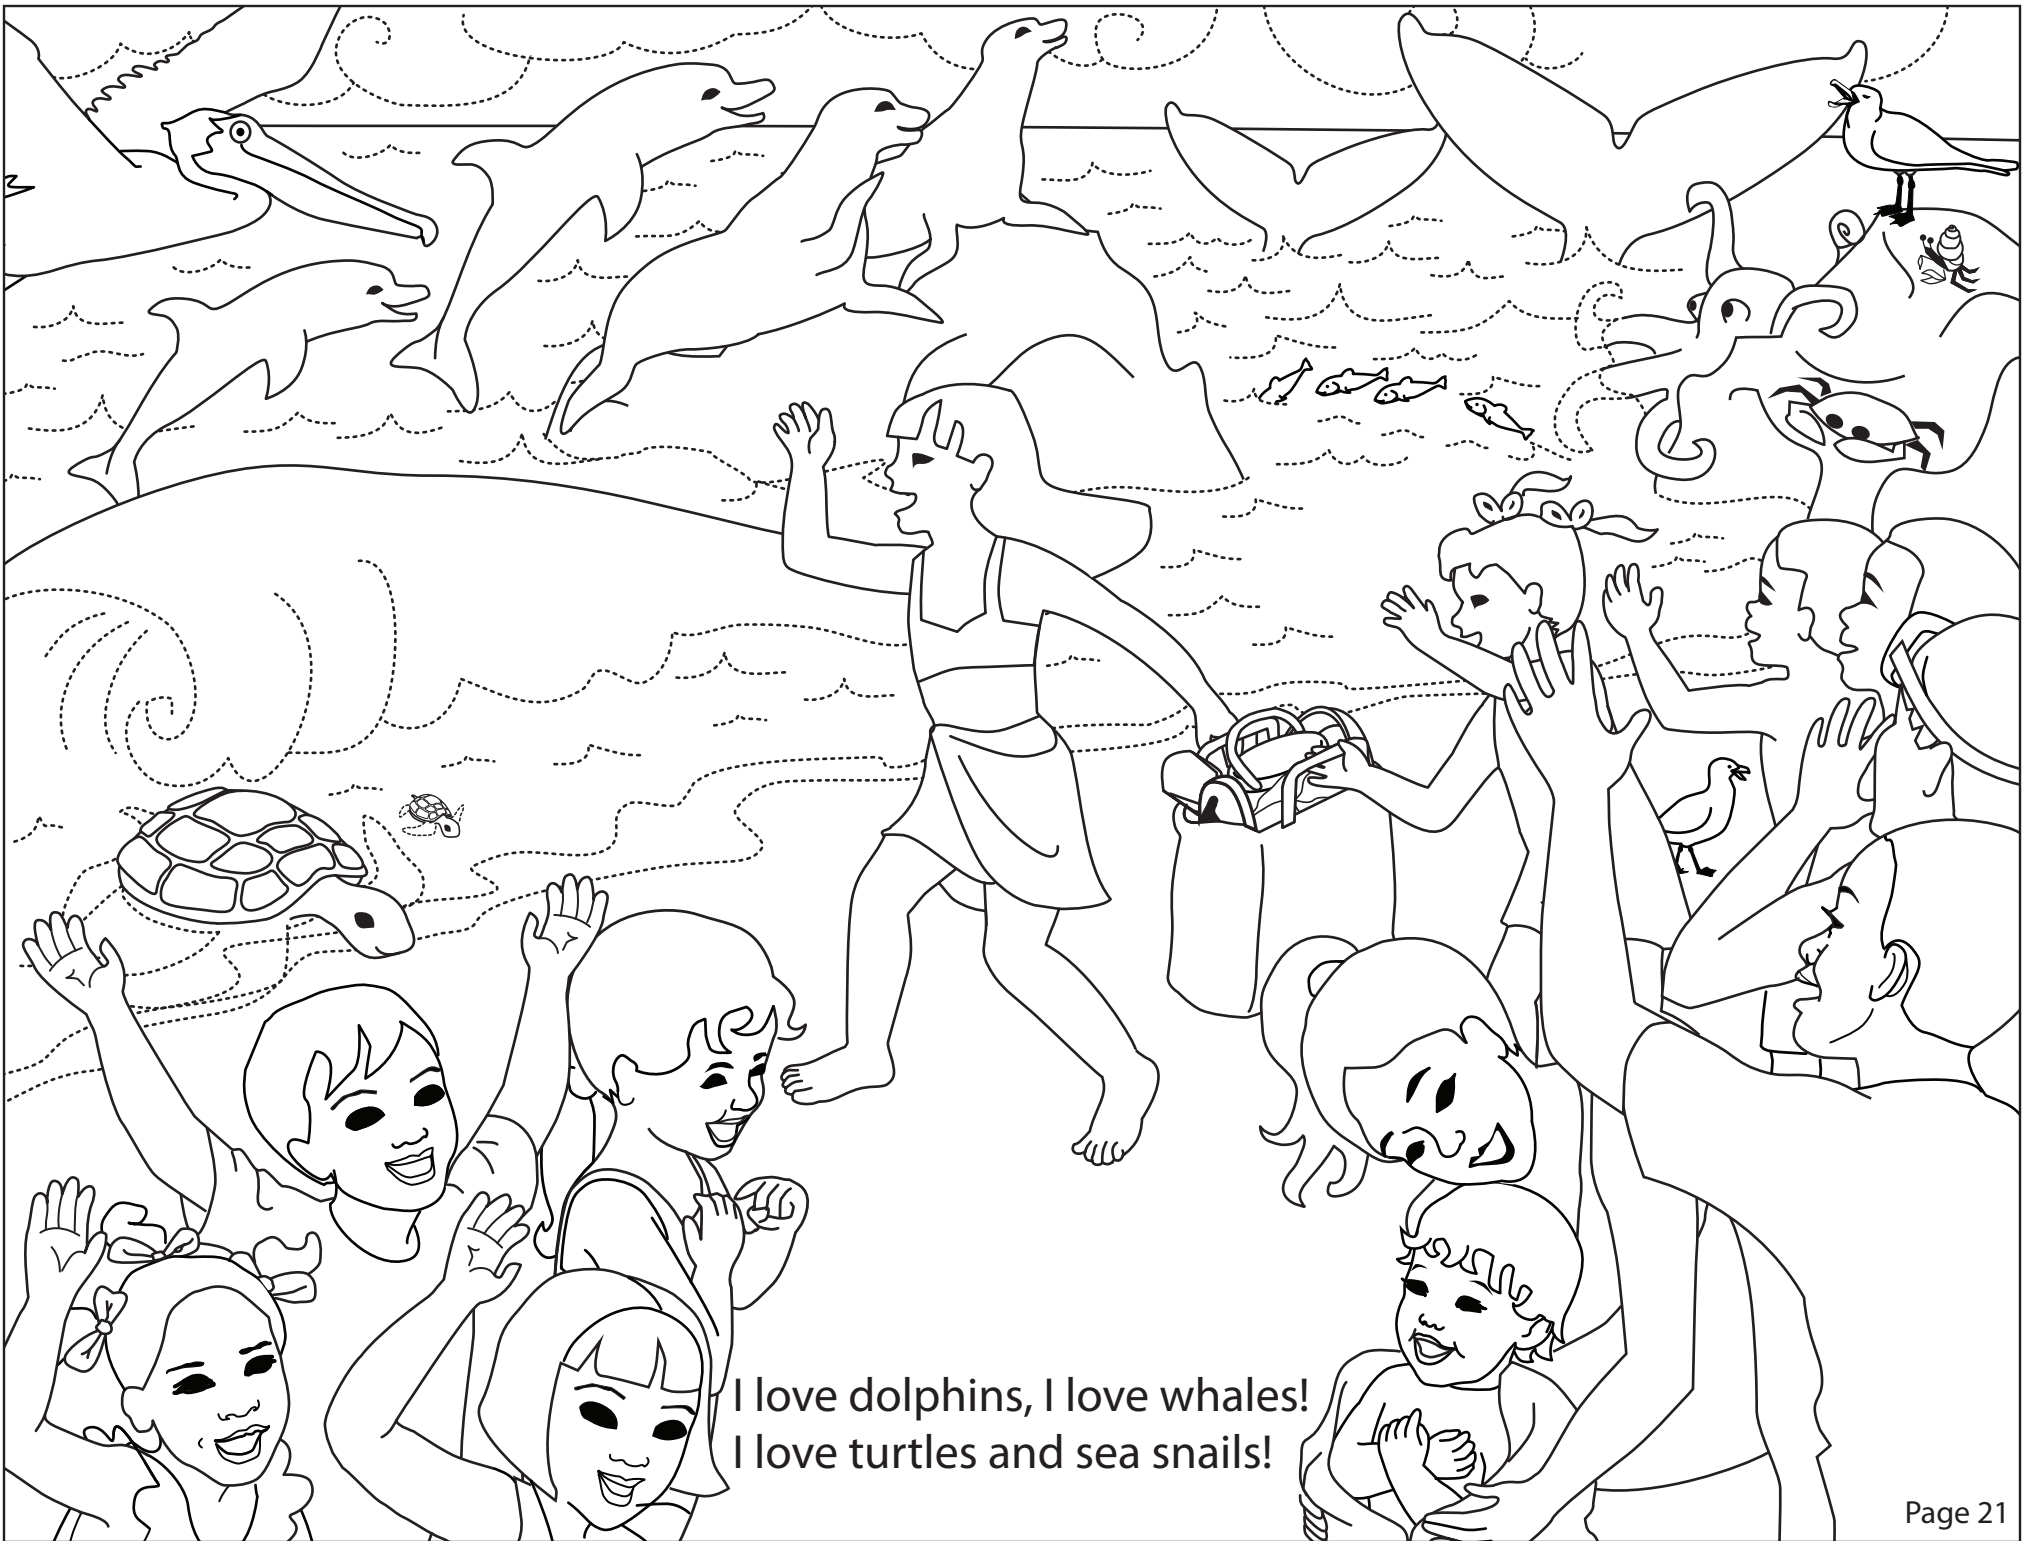

Where are my beach toys? (beach toys, beach toys)
Are they buried in the sand?

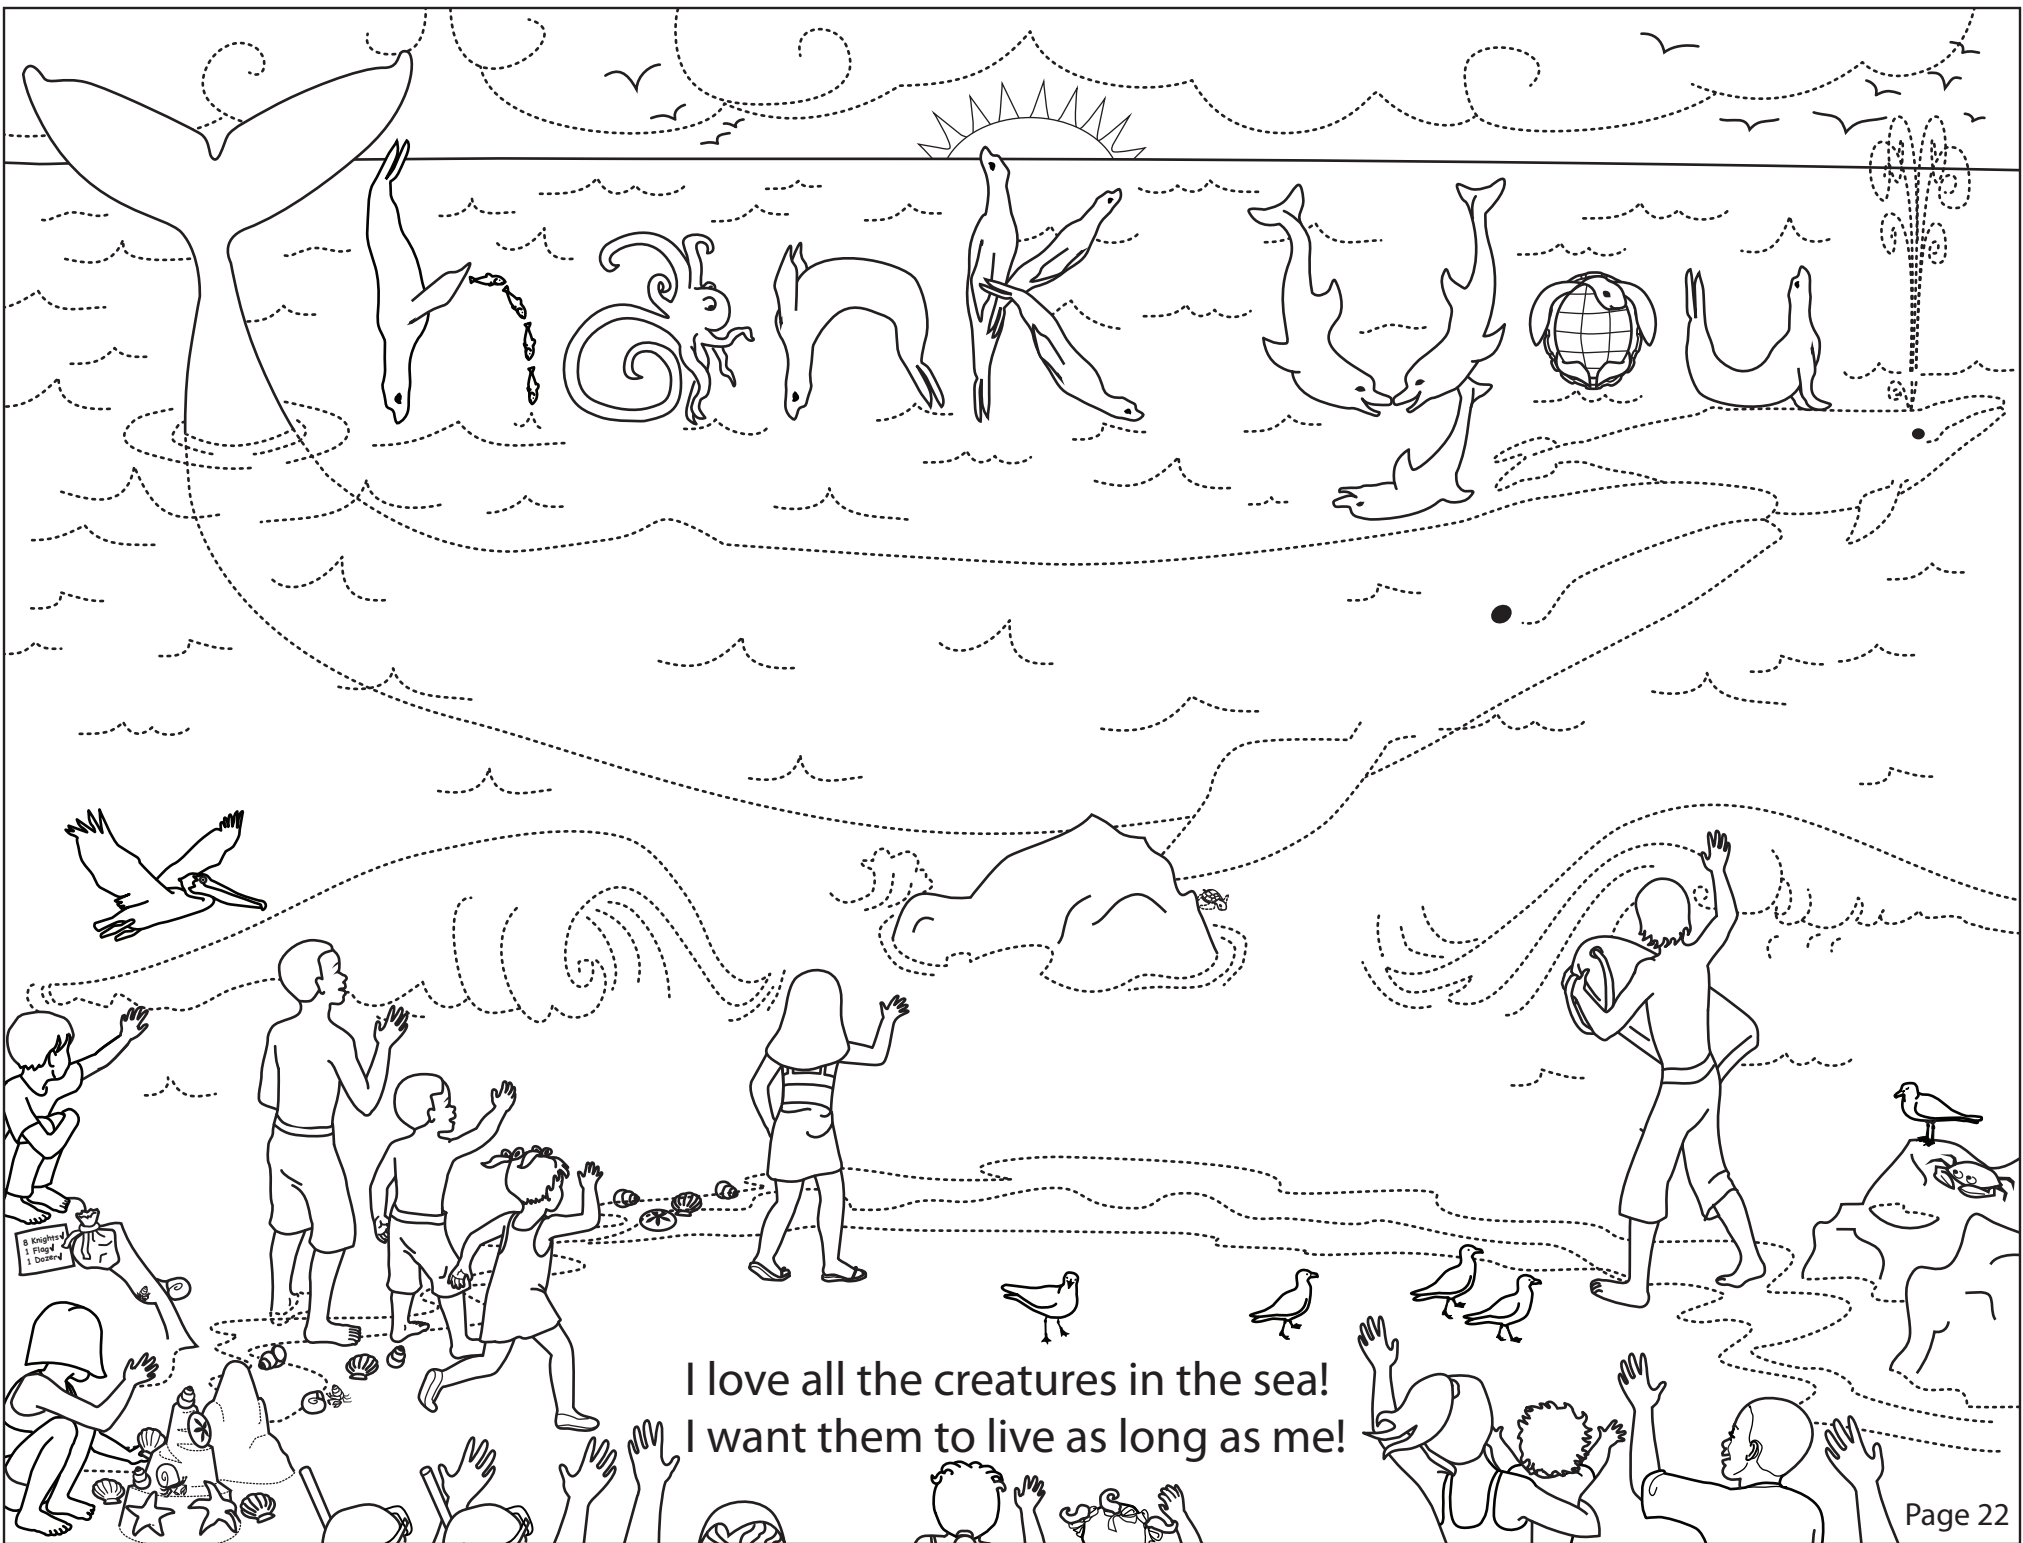

Did I bring 5, did I bring 10?
I count and take them home again

My beach toys, (beach toys, beach toys,
I keep track of them!

I love dolphins, I love whales!
I love turtles and sea snails!

I love all the creatures in the sea!
I want them to live as long as me!

"Keep Track of your Beach Toys", a gARTbage project

by Teresa Espaniola

The purpose of gARTbage is to bring awareness about the state of our oceans through humor. My intent is to bring a smile to the viewer as well as spark awareness and personal action towards mitigating the problem, even if home is far from the sea. My passion is to work with children of all ages to create marine debris art and to spread the word through the youth of the world. Everything flows towards the ocean eventually.

Let's make our oceans healthy again! Each individual counts. Together we really can do it. – Teresa

You can email me here: info@gartbage.org - Follow this link to view my fine art: TeresaEspaniola.com

Thanks to Isabelle Corlett, for her illustrations and Tim Mellon, for his help with the music for the song, "Keep track of Your beach Toys," which is the inspiration for the coloring book

Isabelle Corlett

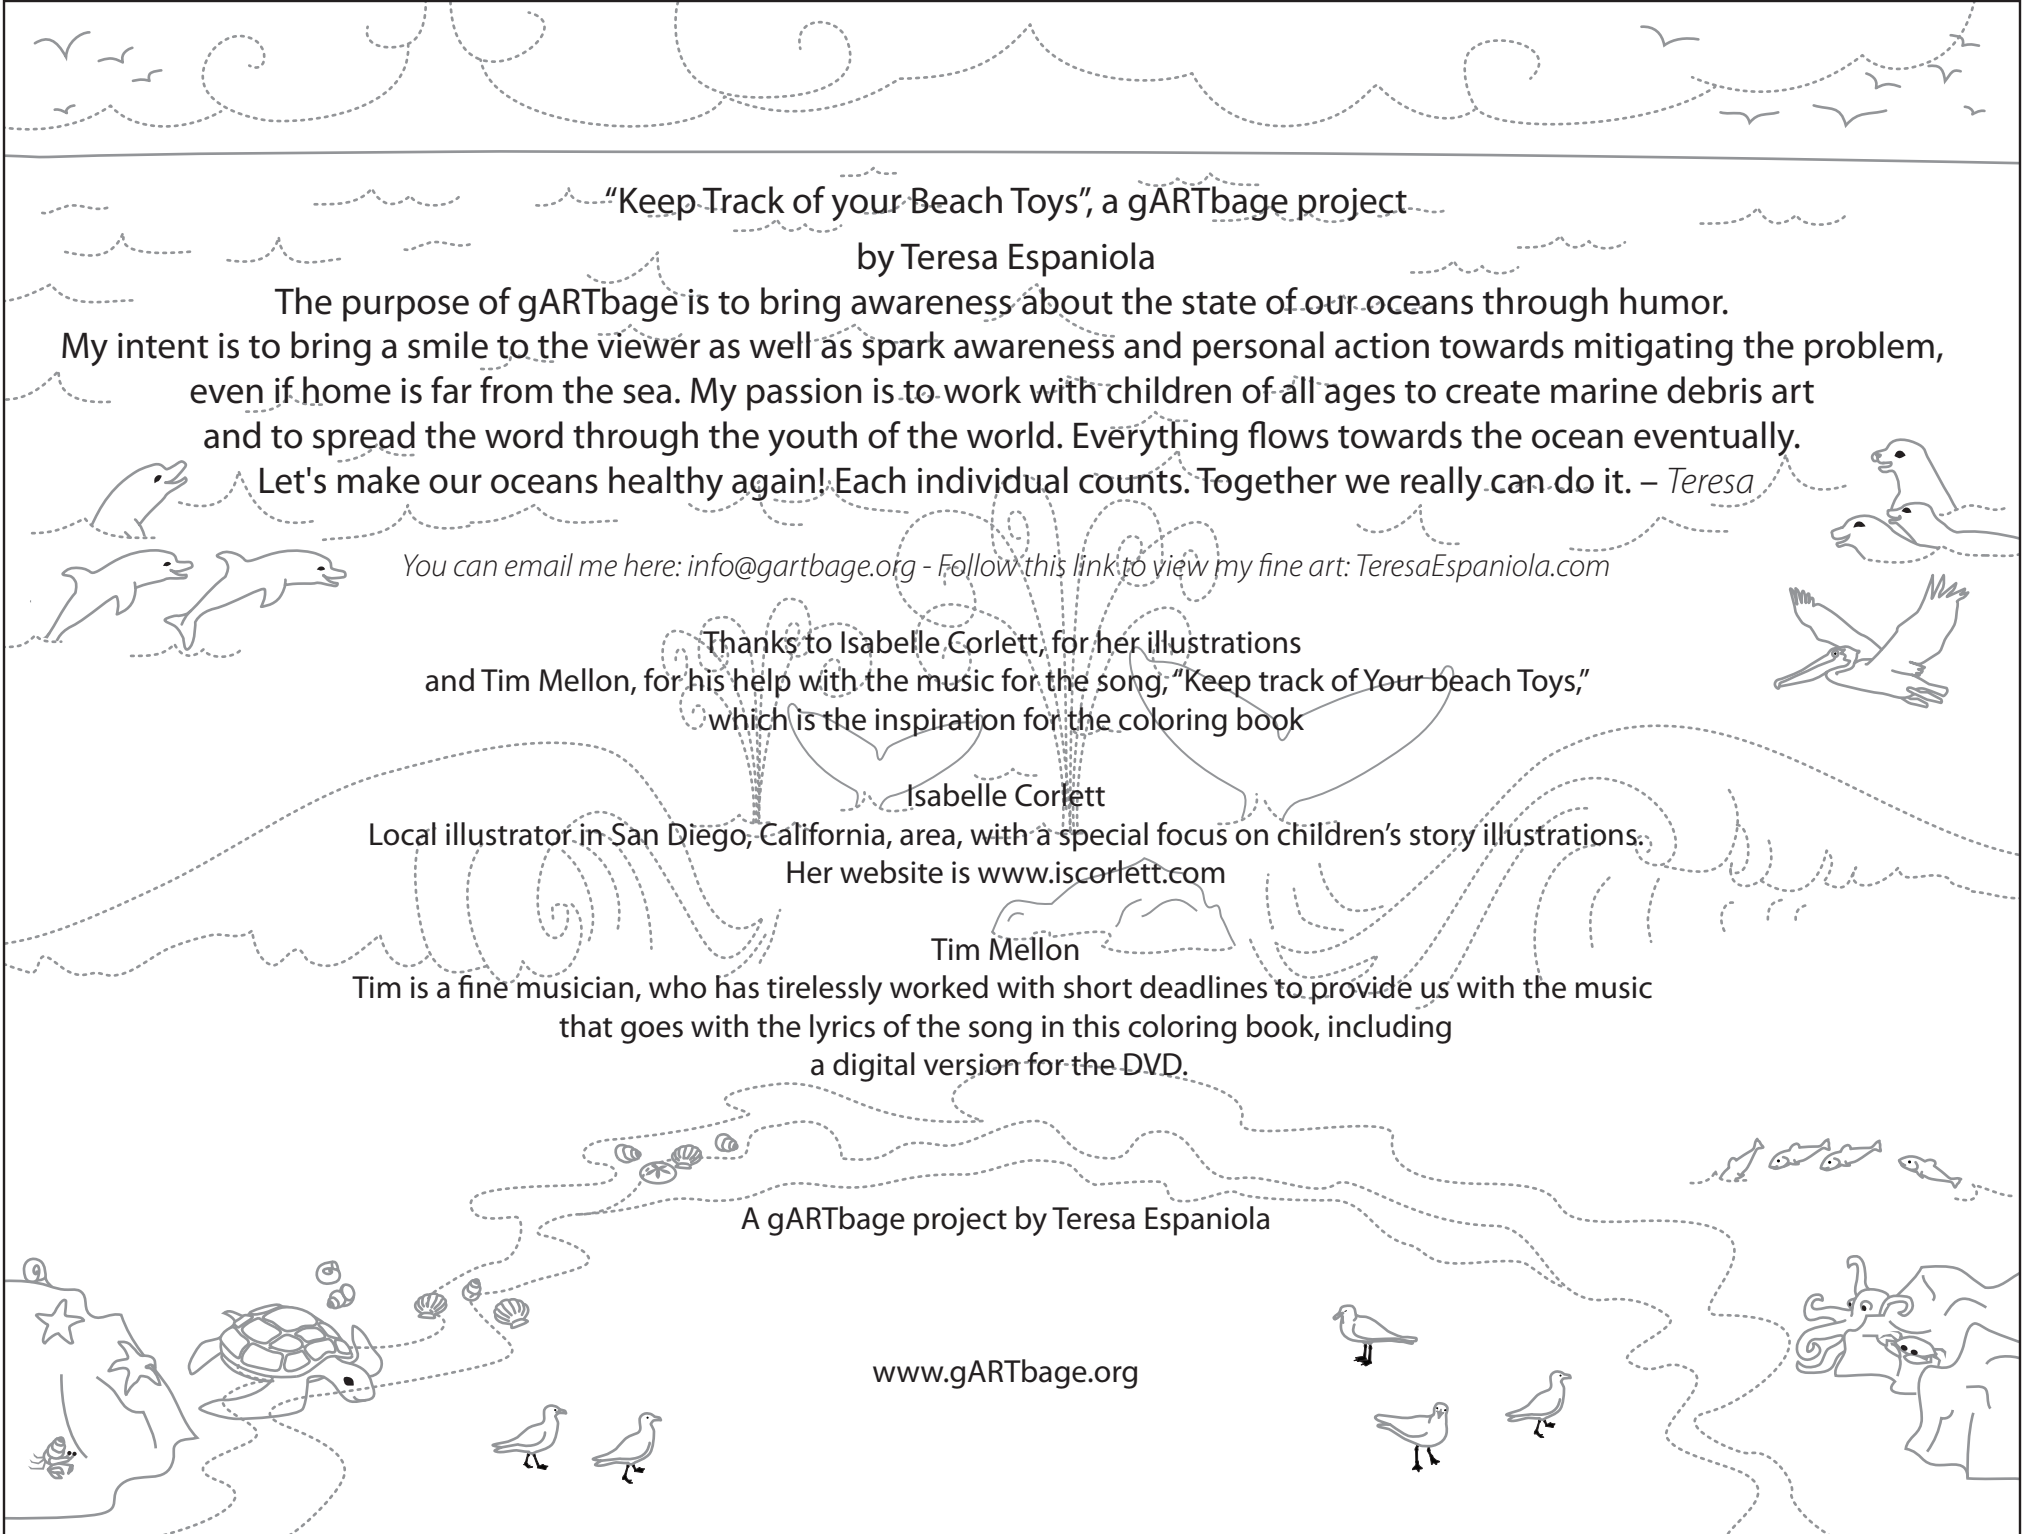

Local illustrator in San Diego, California, area, with a special focus on children's story illustrations. Her website is www.iscorlett.com

Tim Mellon

Tim is a fine musician, who has tirelessly worked with short deadlines to provide us with the music that goes with the lyrics of the song in this coloring book, including a digital version for the DVD.

A gARTbage project by Teresa Espaniola
